INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 17 Weeks)
CANOPUS INFOSYSTEMS PVT. LTD.

01-Jun-2024 - 31-Jul-2024

8 Weeks
PROFILE: MARKET RESEARCHER

My tenure with my company (Canopus) involved 3 major roles.

- 1) First was to collect thorough data about UN so that a proper sophisticated Data profile for the same can be maintained.
- 2) Second was to perform a proper data analysis and data representation using proper tools such as powerpoint, word, etc.
- 3) Third to provide valuable processed data to understand the UN and how can it be improved with the help of new age technology or ideas while taking in account about the current situation and possibility to execution of that in the near future in the desired places.

This would help collect and analyse data and information to help their clients make informed political, social and economic decisions

1. Analysing published data and statistics
2. Evaluating past performance of a product or serviceâ€™s sales
3. Assessing future trends

Coursera (Industry-Recognized Certification Program)

01-Jun-2025 - 31-Jul-2025

8 Weeks
PROFILE: Summer Intern (Finance & Business Management via Online Certification)

Completed a curated set of 12 industry-oriented courses in finance, accounting, business strategy, and marketing from top global universities on Coursera.

Developed practical skills in financial analysis, accounting, investment evaluation, marketing principles, risk management, and strategic planning through applied assignments and real-world case studies.

Built advanced Excel models for scenario analysis, capital budgeting, performance measurement, and investment valuation.

Gained hands-on experience with concepts like portfolio theory, financial ratios, business impact analysis, and marketing segmentation to solve business cases.

Enhanced critical thinking, self-motivation, and professional discipline by managing a self-paced, rigorous certification-based internship experience.
