SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.29	2027
Graduation	D Y PATIL COLLEGE OF ENGINEERING, AKURDI, PUNE	65.7	2025-Jun
Intermediate	MAHARASHTRA STATE BOARD OF SECONDARY AND HIGHER SECONDARY EDUCATION, PUNE	78	2021-May
High School	INDIAN COUNCIL OF SECONDARY EDUCATION, PUNE, MAHARASHTRA	86.6	2019-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 28 Weeks)**VIKAS CONSTRUCTIONS**

11-Nov-2024 - 06-Mar-2025

16 Weeks**PROFILE: JUNIOR ENGINEER**

Worked as a Junior Engineer at the Residential Project by **Norsee Monjee Trust of Education at Aamby Valley City.**

1. Assisting in site surveying and leveling works using total station and leveling instruments, ensuring accurate execution of foundation layouts and alignment of structural elements.
2. Monitoring concreting activities including batching, mixing, pouring, and curing, while coordinating with contractors to maintain quality standards and structural integrity.
3. Inspecting reinforcement placement, shuttering and covering before concreting, identifying discrepancies in bar bending schedules (BBS) and resolving issues with site supervisors to avoid delays.
4. Tracking material usage and inventory on-site, reporting discrepancies in cement, steel, and aggregates to project engineers, which improved resource planning and cost control.
5. Preparing bar bending schedules and quantity analysis under the guidance of senior engineers, enhancing technical understanding of structural drawings and improving project documentation.
6. Collaborated with safety officers during routine inspections to ensure workers adhered to PPE and site safety norms, reinforcing teamwork and leadership in maintaining a safe work environment.
7. Documenting and communicating field challenges (Soil condition issues, weather impacts, or delays in material supply) to the project manager and **Norsee Monjee Trust** representatives, ensuring timely problem resolution.
8. Coordinating with MEP teams (mechanical, electrical, plumbing) to align civil works with service installations, improving interdisciplinary teamwork and reducing rework.

SHAASHWAT BUILDERS, PROMOTERS & DEVELOPERS

04-Dec-2023 - 29-Feb-2024

12 Weeks**PROFILE: INTERN**

1. Led on-site supervision for **16** residential apartments in a **64**-unit development, ensuring strict adherence to IS codes and MAHA RERA guidelines, which upheld compliance, safety, and long-term durability.
2. Directed and validated topographical surveys, leveling, and layout marking in coordination with survey teams. Collaborated with structural engineers to resolve design-site conflicts, enabling faster decision-making and uninterrupted construction progress.
3. Prepared quantity take-offs and bar bending schedules. Assisted in preparing running bills and verified contractor work quantities, contributing to effective cost control and financial tracking.
4. Verified material quality through site inspections and lab testing of concrete and aggregates.
5. Monitored reinforcement placement, shuttering alignment, and concreting activities.
6. Maintained daily progress reports and chaired site coordination meetings with contractors, engineers, and supervisors.
7. Engaged with local labor teams in Marathi and Hindi, bridging communication gaps and promoting stronger teamwork and trust on-site.
