0 Weeks**PROFILE:** TRAFFIC ENGINEERING INTERN**• Role**

1. Participating in field-level transportation research.
2. Actively involved in real-world transportation safety data collection under expert supervision.

• Responsibilities

1. Traffic surveys
2. Data collection and data Compilation
3. Teamwork & Planning
4. Supervision

Uralungal Labour Contract Co-operative Society

18-May-2026 - 11-Jul-2026

7 Weeks

PROFILE: Site Execution

Completed an internship at ULCCS Ltd. on the KIIFB-funded Olympian Chandrasekharan Indoor Stadium Project, Muvattupuzha, where I gained practical exposure to large-scale infrastructure construction. Observed and assisted in RCC works, pile foundation activities, reinforcement detailing, surveying, concreting, quality control, and construction documentation. Developed an understanding of project execution, site coordination, safety practices, and construction management while working alongside experienced engineers.
