0 Years, 5 Months, 9 Days**PROFILE:** Billing Engineer

I had worked as an Estimation and Billing Engineer for a high-rise commercial building. The client for this project was K Raheja Corp.

My role mainly involved the following responsibilities:

- 1] Preparing quantity estimation sheets for footing, beam, column, slab, etc.
 - 2] Preparing the BBS and calculating the Steel quantities.
 - 3] Preparing the fortnight bill as per BOQ and maintaining the escalation sheet.
 - 4] Preparing a reconciliation sheet after each billing cycle.
 - 5] On-site inspection of work in collaboration with the client's engineer, and checking the steel placement according to the GFC drawings.
 - 6] Assisted planning team with progress data, milestone tracking, and billing-linked reporting.
- The role provided site experience, awareness of quality and safety standards, and also enhanced my awareness of MEP services during project execution.
