SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	7.64	2027
Graduation	HOOGHLY ENGINEERING & TECHNOLOGY COLLEGE WEST BENGAL	78.2	2023-Jul
Intermediate	WEST BENGAL COUNCIL OF HIGHER SECONDARY EDUCATION WEST BENGAL	67.6	2017-May
High School	WEST BENGAL BOARD OF SECONDARY EDUCATION WEST BENGAL	70.42	2015-May

WORK EXPERIENCE (0 Years 11 Months)**VENSAR CONSTRUCTIONS COMPANY LIMITED**

01-Aug-2024 - 30-Jun-2025

0 Years, 10 Months, 29 Days**PROFILE:** Graduate Trainee Engineer

I worked in Tunnel Construction (Tunnel No-10A). The Dhansiri - Kohima Rail project, officially the Dimapur (Dhansiri) - Kohima (Zubza) new broad gauge Railway line, is an 82.5km Railway line in North East India under Northeast Frontier Railway. The project includes eight new stations—Dhansiri, Dhansiripar, Shokhuvi, Molvom, Pherima, Piphema, Menguzuma, and Zubza—and features 21 tunnels totaling 31 km, along with numerous bridges.

I assisted senior engineers and project teams in the design, development, testing, and implementation of engineering solutions. Perform data collection, analysis, and documentation for ongoing projects.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 12 Weeks)**Northeast Frontier Railway**

11-Jul-2022 - 09-Aug-2022

4 Weeks**PROFILE:** INTERN

1. **Assist Site Engineers and Supervisors:** Support daily site operations and coordination of on-site activities. Observe and learn construction processes, quality checks, and safety protocols
2. **Site Monitoring and Reporting:** Track the progress of construction tasks and maintain daily site logs. Take photographs, record observations, and assist in preparing progress reports.
3. **Technical Drawing Interpretation:** Study and interpret construction drawings, plans, and specifications.

Larsen & Toubro Limited

04-May-2026 - 04-Jul-2026

8 Weeks**PROFILE:** PLANNING AND EXECUTION

- Assisted in **Quality Control (QC)** inspections and material testing.
- Supported implementation of **site safety** practices and PPE compliance.
- Prepared and verified **Bar Bending Schedules (BBS)** from structural drawings.
- Assisted in **Microsoft Project (MSP)** planning, scheduling, and progress tracking.
- Maintained daily site records and coordinated with site engineers during project execution.
