SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	9.16	2027
Graduation	SARDAR VALLBHBHAI NATIONAL INSTITUTE OF TECHNOLOGY, SURAT	82.3	2024-May
Intermediate	GUJARAT SECONDARY & HIGHER SECONDARY EDUCATION BOARD, GUJARAT	80.16	2020-Mar
High School	GUJARAT SECONDARY & HIGHER SECONDARY EDUCATION BOARD, GUJARAT	88.33	2018-Mar

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 36 Weeks)

NATIONAL HIGHWAY AUTHORITY OF INDIA, PIU-SURAT

15-Jan-2024 - 27-Apr-2024

14 Weeks

PROFILE: INTERNSHIP TRAINEE

Worked on the construction of Vehicular Underpasses (VUPs) at Ghabheni and Bhudiya Junctions in Surat, where responsibilities included both quality assurance and on-site supervision.

- Gained practical experience in **pile construction and testing**, including load tests and verification of pile depth and alignment.
- Supervised the construction of **Retaining Earth (RE)** walls and performed **quality testing** of soil, aggregate, and concrete using standard procedures at the college laboratory and the contractor’s plant.
- Learned the application of **iron slag-based aggregate**, an innovative and sustainable material used in highway and service road construction within the project.
- Acquired insights into **precast concrete with post-tensioning** technology, focusing on the **inspection of tendon profiles** in girders where correct placement of high-tensile bars was critical to structural integrity.
- Conducted **site safety checks**, ensuring compliance with safety protocols and proper usage of **PPE (Personal Protective Equipment)** by all workers on-site.

Skills Gained:

Pile construction and testing, RE wall execution, material testing, sustainable material usage, precast and post-tensioned concrete systems, tendon profile verification, site safety management, and construction supervision.

GUJARAT ALKALIES AND CHEMICALS LIMITED

02-Apr-2025 - 30-Jun-2025

12 Weeks

PROFILE: APPRENTICE GRADUATE ENGINEER

Worked as a Civil Engineering Apprentice under the Annual Item Rate Contract at GACL Dahej, (Gujarat) Complex. The contract covered a wide scope of civil maintenance and development works, including structural painting, road construction, general concreting, masonry, tile flooring, and industrial steel repairs.

- **Site Execution & Monitoring:** Supervised daily site activities to ensure proper execution of works as per the project scope and technical specifications.
- **Concrete Testing Oversight:** Monitored third-party concrete testing operations and maintained quality assurance records.
- **Road Work Monitoring:** Monitored road construction activities, including checking road levels using leveling instruments and ensuring proper layer compaction and grade as per standards.
- **Billing & Measurement Verification:** Verified monthly item rate contractor bills through on-site measurement checks. Ensured compliance with the Schedule of Rates (SOR) defined at the time of contract agreement.

- **Safety Compliance:** Conducted regular safety inspections to ensure adherence to site safety protocols and industrial standards.
- **Technical Documentation:** Maintained daily work reports and supported civil department in documentation for audit and internal approvals.

Skills Gained:

Project execution, contractor coordination, quality control, safety inspection, civil billing and estimation, interpretation of SOR, communication and site supervision

ANP Shelter LLP

04-May-2026 - 04-Jul-2026

8 Weeks**PROFILE:** Internship Trainee

- Worked with the Project Planning team on implementing the **Last Planner System (LPS)** to improve planning reliability, workflow, and productivity on a residential high-rise construction project.
- Assisted in preparing and monitoring **Master Schedule, Phase Schedule, Lookahead Plans, and Weekly Work Plans (WWP)**, ensuring coordination between contractors and site execution teams.
- Participated in identifying workflow constraints, monitoring Percent Plan Complete (PPC), and documenting reasons for plan failures to support continuous improvement initiatives.
- Collected, organized, and analyzed site execution data, including manpower deployment, concrete quantity, and daily progress reports using **Microsoft Excel** and **Power BI**.
- Developed standardized tower-wise reporting formats for manpower and concrete consumption, improving the accuracy and efficiency of project monitoring.
- Coordinated with construction, planning, and execution teams to track activity progress, compare planned versus actual performance, and support timely decision-making.
- Gained practical exposure to **Lean Construction principles**, waste identification, production planning, project controls, and data-driven construction management.
- Enhanced understanding of construction planning tools, project reporting, stakeholder coordination, and continuous improvement practices in large-scale residential developments.
