Graduation	SAGI RAMA KRISHNAM RAJU ENGINEERING COLLEGE, BHIMAVARAM	73.8	2025-Apr
Intermediate	BOARD OF INTERMEDIATE EDUCATION, ANDHRA PRADESH	95.8	2021-Mar
High School	BOARD OF SECONDARY EDUCATION, ANDHRA PRADESH	95	2019-Apr

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 29 Weeks)

ZYETA PRIVATE LIMITED

04-May-2026 - 03-Jul-2026

8 Weeks

PROFILE: PROJECT MANAGEMENT INTERN

- Contributed to the execution of a **commercial interior fit-out project (Chevron Phase II)** by supporting planning, procurement, site execution, QA/QC, and project documentation.
- Independently monitored **Construction & Interiors (C&I) activities** for the **9th Floor**, coordinating with multidisciplinary teams to track progress and ensure execution aligned with project schedules.
- Prepared and maintained **Material Extraction Sheets, Material Trackers, Procurement Reference Sheets, Weekly Progress Reports, and Mobilization Reports** to support procurement planning and execution monitoring.
- Participated in the **Mock-up Room preparation**, assisting in material verification, finish inspections, and quality benchmarking before large-scale execution.
- Reviewed **IFC drawings, shop drawings, purchase orders, and delivery challans** to verify material specifications and support construction planning.
- Assisted in **QA/QC inspections**, monitoring architectural finishes, snag rectification, and compliance with project quality standards.
- Observed Zyeta's **zero-compromise safety culture** by participating in daily Tool Box Talks (TBT), Permit-to-Work (PTW) procedures, PPE compliance, and routine safety inspections.
- Gained exposure to the **complete project lifecycle** through participation in the **Danaher Dilapidation Survey (Pre-Construction), Chevron Phase II (Execution), and LinkedIn Project Handover (Close-out)**.

GKC PROJECTS LTD

18-Dec-2024 - 18-Apr-2025

17 Weeks

PROFILE: PROJECT MANAGEMENT INTERN

- Gained practical experience in **construction project management**, assisting in **quantity estimation, cost control, and technical documentation review**.
- Performed **earthwork quantity estimation** using longitudinal and cross-sectional profiles to determine accurate cut-and-fill volumes for **project scheduling and cost control**.
- Prepared BOQs and conducted **rate analysis** for roadway layers including Subgrade, GSB, WMM, DBM, and Bituminous Concrete, contributing to **budgeting and tender preparation**.
- Estimated material quantities for pipe culverts, box culverts, and minor bridges, covering excavation, PCC, RCC, backfilling, and apron works to support **procurement planning**.
- Utilized MS Excel for detailed estimation sheets and AutoCAD for drawing interpretation to assist in **cost tracking and documentation management**.
- Assisted in verifying site measurements and cross-checking quantities with construction drawings for **billing validation and progress monitoring**.

- Developed understanding of highway classifications, culvert types, and flexible & rigid pavement systems to support technical decision-making.
- Collaborated with engineers and senior managers to ensure estimation accuracy, compliance with **tender specifications**, and alignment with **EPC project requirements**.
- Gained exposure to **project documentation** processes, **estimation workflows**, **scheduling coordination**, and **cost control practices** in infrastructure projects.

LARSEN & TOUBRO (L&T)

01-Jun-2024 - 30-Jun-2024

4 Weeks**PROFILE: PROJECT MONITORING INTERN**

- Participated in **India's first Bullet Train Project** under L&T Construction-Transportation Infrastructure Division, contributing to the C6 package of the Mumbai-Ahmedabad High-Speed Rail corridor.
- Assisted the planning team in **tracking girder casting operations** including **FSBG** (Full Span Box Girder) and **SBS** (Segmental Box Structure) activities.
- Coordinated with site engineers for **daily progress updates**, material requirements, and activity sequencing.
- Observed and participated in **reinforcement placement, formwork, and post-tensioning activities** as per schedule.
- Gained exposure to **grouting processes**, ensuring timely execution, proper filling and void-free completion.
- Studied installation and inspection of **noise barriers**, integrating timelines with project milestones.
- Reviewed and interpreted **structural** and **GAD drawings** to support planning and quantity verification.
- Monitored **batching plant operations** and tracked **resource utilization** for planning reports.
- Familiarized with heavy **machinery operations** such as staddle carriers, girder launchers, and girder carriers used in erection planning.
- Observed the **girder launching process**, understanding sequence, alignment, and coordination between teams.
- Supported **quality** and **safety audits**, ensuring adherence to project management standards.
