INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 26 Weeks)

SBR Group

19-Aug-2024 - 18-Dec-2024

17 Weeks

PROFILE: Intern

- Assisted in monitoring on-site construction activities including formwork, reinforcement, concreting, and finishing works, ensuring adherence to IS Codes and project specifications.
- Supported QA/QC activities such as slump testing, cube strength testing, and material inspections to maintain quality standards.
- Coordinated with site engineers, contractors, and vendors to ensure smooth workflow and timely resolution of on-site issues.
- Assisted in material management, tracking deliveries against purchase orders and maintaining stock records.
- Supported HSE compliance through safety inspections, PPE enforcement, and participation in toolbox meetings.
- Gained hands-on exposure to project planning, site supervision, and documentation in a live construction environment.

Kattu

04-May-2026 - 04-Jul-2026

8 Weeks

PROFILE: Project Management Intern

- Assisted in project planning and coordination for residential real estate projects, ensuring timely execution of scheduled activities.
- Updated and monitored project schedules on the Kattu project management platform, tracking progress against planned milestones.
- Prepared **Work Change Reports (WCRs)** by documenting scope changes, progress updates, and site requirements.
- Generated weekly project progress reports highlighting completed activities, pending works, and key project updates.
- Maintained and monitored pending work registers, coordinating with site teams to ensure timely closure of action items.
- Participated in client meetings, documented discussions, and followed up on decisions to support project execution.
- Coordinated with site engineers, contractors, and project stakeholders to facilitate smooth communication and workflow.
- Monitored project progress, identified schedule deviations, and supported corrective actions to improve project performance.
- Assisted in project documentation, progress tracking, and reporting to support effective project control and decision-making.

- Contributed to planning activities by monitoring task completion, updating schedules, and ensuring adherence to project timelines.
