Rangate Associates

15-Jul-2023 - 30-Oct-2024

1 Years, 3 Months, 15 Days**PROFILE:** Junior Engineer

I make sure that all the work on site is carried out as per the approved plans and drawings. I coordinate with architects, consultants, and other stakeholders to keep the project running smoothly. I also handle the procurement of materials and keep track of inventory to avoid shortages or delays. Quality control at the site is a key part of my role, ensuring that the work meets the required standards. Alongside this, I maintain proper documentation of the daily progress and completed tasks. Finally, I work closely with contractors to plan upcoming activities and ensure timely execution of future work.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 2 Weeks)**Rangate Associates**

16-Dec-2021 - 05-Jan-2022

2 Weeks**PROFILE:** Junior Engineer

During this internship, I gained hands-on experience in residential building construction. I observed the working of foundation and brickwork, allowing me to understand the practical aspects of construction projects.
