SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.74	2027
Graduation	COLLEGE OF ENGINEERING TRIVANDRUM, KERALA	75.8	2025-Apr
Intermediate	BOARD OF HIGHER SECONDARY EXAMINATIONS KERALA	96.5	2020-Mar
High School	GENERAL EDUCATION DEPARTMENT KERALA	97.84	2018-Mar

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 1 Weeks)

THE URALUNGAL LABOUR CONTRACT CO-OPERATIVE SOCIETY LTD.

18-Jun-2024 - 26-Jun-2024

1 Weeks

PROFILE: STUDENT INTERN

- Conducted comprehensive **project monitoring** through site execution oversight to ensure alignment with design, schedule, and quality parameters.
- Assisted in **project cost control** by preparing detailed quantity estimations for Brickwork, Reinforced cement concrete (RCC), Plastering, Flooring, and sanitary installations.
- Implemented rigorous **quality control protocols** (acting as internal controls) for construction materials and on-site work execution to mitigate project risk.
- Monitored and enforced safety standards as a key **risk management function**, identifying potential red flags to maintain a secure and compliant work environment.
- Utilized **stakeholder coordination** skills to supervise the labour force, optimizing productivity and ensuring timely progress and task completion.
- Managed on-site material storage and streamlined procurement processes, supporting efficient **resource utilization** and **cost monitoring**.
- Supported **contract management** activities by reviewing work scope against BOQs and contract terms, assisting in measurement certification, and ensuring compliance with **contractual obligations** during site execution.

CERTIFICATION DETAIL

- Municipal Solid Waste Management-NPTEL Certification
- McKinsey.org Forward Program
- Finance for Non- Financial Managers , Emory University - Coursera Certification

ACHIEVEMENT DETAIL

PROJECTS

Slope stability Analysis and proposal of Mitigation Strategies for Varkala Cliff Erosion

This project addresses the critical issue of cliff erosion at Varkala, a significant coastal location facing substantial environmental challenges. The study aims to provide a thorough evaluation of the erosion processes affecting the cliffs and propose effective remedial measures for the conservation and stabilization of the area.

Revolutionising Maneuverability: the 360° Rotating Vehicle

This project explores the development and implementation of an advanced steering system designed to achieve zero turning radius for vehicles. By integrating a 360° rotating mechanism, the proposed system aims to enhance maneuverability and operational flexibility, addressing key limitations of traditional steering methods.

Other Achievements

- Member of **Inter Group Competition (IGC) 2022** Naval wing NCC unit Trivandrum Group - **Champions**
- Presented **Three** technical papers in Indian Geotechnical Conference 2024, Aurangabad
- Winner of **Brand Rebrand** Competition during **UDBHAV 2025** conducted by **NICMAR University, Pune**
- Attended various National and State level **NCC** Camps

Leadership Profiles

- **Chairperson** of Indian Society for Technical Education Students Chapter College of Engineering Trivandrum (**ISTE SC CET**)
- **Publicity Head** of Indian Geotechnical society Students Chapter College of Engineering Trivandrum (**IGS SC CET**)
- **Workshop Convenor** of **DRISHTI 2024** , annual technical fest of College of Engineering Trivandrum
- **Cadet Captain** of **Naval NCC unit** College of Engineering Trivandrum
