WTP Cost Advisory Services India Pvt.Lmt.

04-May-2026 - 26-Jun-2026

7 Weeks
PROFILE: Summer Intern

During my internship at WTP Cost Advisory Services, I worked at intersection of civil engineering and project finanace. Rather than just taking off quantities, I analysed cost drivers and variation dynamics across project lifecycle, other than this I also learned.,
Cost Management & Risk Mitigation: Audited contractor Running Account (RA) bills and material reconciliation reports, ensuring strict alignment between capital outlays and physical site progress.

Commercial Procurement: Conducted detailed quantity take-offs and prepared comparative statement tables (CST) to enable data-driven tender evaluations and price discovery.

Financial Oversight & Budgeting: Evaluated Bills of Quantities (BOQ) and preliminary cost estimates across civil/structural trades to identify budget variances early in the project lifecycle.
