SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	7.67	2027
Graduation	VISHWAKARMA INSTITUTE OF INFORMATION TECHNOLOGY, PUNE	84.17	2024-May
Intermediate	MAHARASHTRA STATE BOARD	80.15	2020-Feb
High School	MAHARASHTRA STATE BOARD	87	2018-Mar

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 28 Weeks)**Joshi vastu consultant**

10-Jan-2024 - 25-May-2024

19 Weeks**PROFILE:** Site Execution & Controls

- Assisted in supervision of site activities, including concreting, brickwork, plastering, and finishing works.
- Monitored daily progress and ensured work was executed as per drawings and specifications.
- Prepared and maintained daily site reports, manpower records, and material usage logs.
- Ensured safety compliance and proper use of Personal Protective Equipment (PPEs) on site.
- Observed quality control tests for concrete and other construction materials.
- Participated in site meetings and learned about project scheduling and cost control.
- Prepared AutoCAD drawings for various structural and architectural works.

Impact Infraheights PVT.LTD

11-May-2026 - 11-Jul-2026

8 Weeks**PROFILE:** Site Execution

- Visited and understood the overall construction process of a G+18 residential building project.
- Assisted site engineers in supervising footing work and monitoring daily construction activities.
- Ensured workers followed basic safety rules and participated in maintaining a safe work environment.
- Conducted Toolbox Talks (TBT) with the Safety Officer to create awareness about workplace safety.
- Learned how bent-up reinforcement bars are placed and their importance in footing construction.
- Observed the installation of waterproofing sheets below the footing before concreting.
- Gained practical knowledge of preparing and installing formwork for raft foundations.
- Checked and verified different construction materials as per the approved material checklist.
- Prepared the Bar Bending Schedule (BBS) for the raft footing under the guidance of senior engineers.

- Reviewed reinforcement and construction work with consultants to ensure it matched the approved structural drawings.
- Assisted during the concreting of the raft foundation (approximately 100 m³) and monitored the concreting process.
- Performed quality checks on Ready Mix Concrete (RMC), including collecting cube samples for compressive strength testing.
- Worked with the surveyor to verify site layout and offset points using a Total Station.
- Assisted in the construction activities of the fire water tank raft foundation.
- Observed the installation of waterproofing membranes on retaining walls after concreting.
- Learned about different types of shuttering/formwork systems and their installation for concrete works.

CERTIFICATION DETAIL

- Revit structure and architect
- Autocad
- Maharashtra state certificate in information technology (MS-CIT)
