

ROLL NUMBER: P25700414**Harshavardhan B**
Male**DOB**

22-Sep-2000

TECHNICAL SKILLS

- Autodesk ACC - AutoCAD
- Revit
- Navisworks ; Bexel Manager
- Sketchup
- MS Office
- MS Project
- Primavera
- CostX
- Adobe Photoshop
- Enscape
- V-ray
- Twinmotion
- Lumion

PERMANENT ADDRESS

789, 6th Cross Road, BHCS Layout,
Lakkegowdanagar, Uttarahalli,
Bangalore 560061
City: Bangalore Urban
State: Karnataka
Pincode: 560061

LANGUAGE

- English
- Kannada
- Hindi
- Telugu
- Tamil

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.82	2027
Graduation	B.M.S COLLEGE OF ARCHITECTURE, BANGALORE	73.3	2023-Jun
Intermediate	DEPARTMENT OF PRE UNIVERSITY EDUCATION, KARNATAKA	76.33	2018-May
High School	KARNATAKA SECONDARY EDUCATION EXAMINATION BOARD	92.96	2016-Apr

WORK EXPERIENCE (1 Year 0 Months)**Int-Hab Architecture + Design Studio**

03-Jul-2024 - 03-Jul-2025

1 Years, 0 Months, 0 Days**PROFILE:** Junior Architect

- Managed end-to-end architectural delivery for 5 projects (residential, commercial, and healthcare) ranging from 15,000 sq ft to 1.5 lakh sq ft, from concept design through construction completion.
- Led design development and produced technical, working, and shop drawings using AutoCAD and Revit, ensuring construction-ready documentation across all project stages.
- Coordinated BIM-integrated drawings across architectural, electrical, MEP, and HVAC disciplines, resolving cross-discipline clashes before execution.
- Developed 3D digital and physical models (SketchUp, V-Ray, Photoshop) to communicate design intent to clients and internal teams.
- Navigated multiple, evolving client requirements on a key project through structured client meetings, translating shifting inputs into a cohesive, successfully delivered design.
- Coordinated with vendors, consultants, and cross-functional teams in scheduling meetings to align project timelines and deliverables.
- Conducted site visits, execution monitoring, and supervision to verify design intent and construction quality on-site.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 78 Weeks)**ASBL**

04-May-2026 - 04-Jul-2026

8 Weeks**PROFILE:** Design Coordination + Research Intern

- Obtained practical experience in coordinating design across multiple disciplines such as architectural design, project administration, brand promotion, and sales, learning how all these areas influence the manner in which the product is created.
- Participated in the complete life cycle of a real estate project: Initiation to sales.
- Became familiar with construction management key concepts such as work breakdown structure, construction cost estimation, MEP performance, and evaluation of contractors and suppliers on live projects.
- Took part in design research and strategic documentation to help in interpreting site conditions, market positioning, as well as the clients' experience to develop the needed design briefs and reference documents.
- Learnt to see the connections between design choices, developers' goals, regulatory aspects, and branding, allowing me to connect architecture and real estate options.
- As part of my research, I designed a 'Guide for Lighting' for ASBL, which was a complete, detailed architectural lighting guide for the space design and the PMO teams to refer. It included

'Science of lighting', 'Lighting & Human psychology', 'Outdoor, Indoor, Facade and Landscape Lighting ', and the Technologies in lighting fixtures and systems.

369 OCHRE STUDIO

01-Jun-2023 - 01-Jun-2024

52 Weeks

PROFILE: DESIGN AND DOCUMENTATION CONSULTANT

- Worked across residential (villas), commercial (80,000 - 100,000 sq ft), and urban design projects, aligning documentation and research with accessibility and spatial-quality goals for indoor, outdoor, and street-level design.
- Led design documentation (photography, videography, and illustration) across 5 projects : 3 residences, 1 commercial space, and 1 urban design project, using Photoshop, Illustrator, and Premiere Pro, driving firm growth on social media and securing features in Architecture Digest, Volume Zero, and Buildofy.
- Researched and applied sustainable design principles across projects, including material sourcing, procurement logistics, and site-level construction operations.
- Conducted accessibility research and contributed to the design of an accessible villa (15,000 - 20,000 sq ft), detailing ramps, tactile features, door widths, step heights, and tile patterns for wheelchair-accessible toilets, dining, and kitchen spaces.
- Designed and delivered 3 workshops (accessibility, sustainability, and brick construction) for on-site labor teams, building empathy and technical skill around inclusive and sustainable construction practices.
- Led documentation and research for a 50-year-old residential retrofit in Bengaluru, supporting a structural-reuse strategy that saved an estimated ₹50–60 lakhs versus demolition and rebuild.
- Produced training and reference material from project documentation that helped onboard labor teams to specialized construction methods and supported architecture students' understanding of the firm's design process.

Urban Frame PVT.LTD

22-Aug-2022 - 22-Dec-2022

17 Weeks

PROFILE: Architecture Intern

- Contributed to design development for high-rise residential towers (2–3 lakh sq ft), several LEED Platinum and LEED Gold certified, gaining hands-on exposure to sustainable, large-scale residential design.
- Took full ownership of conceptual and presentation drawings, independently producing design ideation material used directly by senior design teams.
- Provided hands-on support for construction drawing production under senior architect supervision, along with 3D models and illustrations using AutoCAD, SketchUp, Revit, and Photoshop.
- Researched green building performance and net-zero strategies, building foundational knowledge of how design decisions translate into measurable sustainability outcomes.
- Operated within a large-scale, multi-disciplinary design consultancy spanning residential, commercial, healthcare, and urban planning, gaining early exposure to how large architecture offices structure hierarchy and workflow.

CERTIFICATION DETAIL

- NPTEL - Ethics in Engineering Practice
- Coursera - Finance for Non-Financial Managers
- Coursera - TBMs, Pile Rigs, Cranes & Hauling Vehicles
- Indian Town Planning and Architecture in Indian Knowledge system (IKS)
- Coursera - Construction Equipment Maintenance and Safety
- Coursera - Data Analysis
