

ROLL NUMBER: P25700424

Shubham Singh
Male

DOB

19-Feb-2001

TECHNICAL SKILLS

- AutoCAD
- MS Office
- MS Project
- CostX

PERMANENT ADDRESS

C206, MUNDESHWARI ORBIT
MALL, DANAPUR KHAGAUL
ROAD, PATNA
City: Patna
State: Bihar
Pincode: 801503

LANGUAGE

- Hindi
- English

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	NA	2027
Graduation	KALINGA INSTITUTE OF INDUSTRIAL TECHNOLOGY, BHUBANESWAR, ODISHA	69.3	2024-Jul
Intermediate	CENTRAL BOARD OF SECONDARY EDUCATION(CBSE), PILANI, RAJASTHAN	73.16	2020-Sep
High School	CENTRAL BOARD OF SECONDARY EDUCATION (CBSE), PILANI, RAJASTHAN	76.2	2018-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 8 Weeks)**NATIONAL BUILDING CONSTRUCTION COPORATION LTD.**

22-May-2023 - 22-Jul-2023

8 Weeks**PROFILE: INTERN****1. Site Visits and Inspections:**

Observation and Monitoring:Regular visits to construction sites to observe ongoing work, progress, and safety measures.

Site Documentation: Assisting in keeping records of daily activities, materials used, and work completed.

2. Structural Analysis and Design Assistance:

Design Support:Helping senior engineers with structural designs and understanding the application of materials and methods in real-world scenarios.

Structural Drafting: Assisting in the drafting of structural drawings, working with software like AutoCAD or Revit, or manually sketching designs for review.

3. Project Management Exposure:

Project Scheduling: Learning about project timelines, milestones, and how engineers coordinate different aspects of a project to meet deadlines.

Resource Management:Observing the allocation of resources, including materials, labor, and machinery, to ensure smooth workflow and productivity.

4. Material Management and Testing:

Quality Control: Learning how materials (like concrete, steel, etc.) are tested for strength, durability, and compliance with standards.

Inventory Management: Assisting in monitoring the material inventory, tracking usage, and ensuring materials are ordered on time for projects.

5. Health and Safety Regulations:

Safety Inspections:Participating in safety audits and inspections to ensure that safety protocols are being followed on site.

Risk Mitigation: Observing safety measures being implemented to prevent accidents and reduce risks during construction.

6. Documentation and Reporting:

Preparing Reports:Assisting in preparing technical reports, site progress reports, and other documentation that is critical to project tracking.

Cost Estimation: Learning how to prepare or review cost estimates for materials and labor for different phases of construction.

7. Collaboration with Engineers:

Team Coordination:Working alongside civil engineers, project managers, and other construction professionals to understand the interdisciplinary nature of construction projects.

Problem-Solving: Assisting engineers in troubleshooting construction challenges, whether related to design, site conditions, or material shortages.
