PROFILE: Civil Intern

Worked as a Civil Engineering Intern at PSP Projects Limited on the Mahim Renewal Building (MRB) project, a ₹1,538 Cr residential redevelopment project in Mahim, Mumbai comprising 4 towers and 4.2 million sqft of construction area. Reported directly to the Project Manager during the substructure (foundation) stage.

Site Supervision and Quality Control: Supervised shotcrete/gunneting operations on contiguous bored pile (CBP) shore walls, conducted daily quality checks on reinforcement, formwork, waterproofing, and concrete works, and maintained site inspection checklists for raft foundation construction across Tower 3 and Tower 4.

Planning and Documentation: Prepared complete Raft Foundation Completion Plan for Tower 4 including excavation schedule, pour plan, quantity working, manpower and P&M resource requirements, activity-wise bar chart schedule, and approvals tracker. Developed a 25-checklist Master Quality Inspection Package and a formal Inspection and Test Plan (ITP) submitted for NMDPL client approval.

Health, Safety and Environment: Conducted daily pre-work safety inspections, Toolbox Talks (TBT), and PPE compliance checks for foundation works including excavation, mass concrete, and shotcrete operations. Monitored scaffold tag systems (green, yellow, red classification), verified Permit to Work (PTW) compliance, and observed safety protocols for dewatering, shore pile wall stability, and night pour operations. Ensured HSE documentation including daily safety checklists, TBT attendance registers, and incident reporting as per BOCWA 1996 requirements.

Contracts and Commercial Exposure: Gained working knowledge of Item Rate Contract structure on a ₹1,538 Cr project including BOQ interpretation, Joint Measurement Records (JMR), Running

Account (RA) billing process, and client certification workflow between PSP Projects and NMDPL. Understood variation management, approval tracking, retention clauses, and the relationship between quality documentation (WIR, ITP, checklists) and payment certification in construction contracts.

Technical Exposure: Gained hands-on exposure to contiguous bored pile (shore pile) wall systems, raft foundation construction sequence, mass concrete pour management, waterproofing systems, MEP coordination, STP/WTP systems, HVAC, scaffolding safety (tag system), and construction document management including WIR, RFI, ITP, DPR, BOQ, and RA billing.
