WORK EXPERIENCE (3 Years 5 Months)
Design Square

10-Sep-2021 - 19-Mar-2022

0 Years, 6 Months, 9 Days
PROFILE: Junior Architect

Projects: L&T Office Interior (Client: L&T Infotech)

Phase: CD(Conceptual Design) for Office Interior

Location: Hyderabad, Kolkata

Role & Responsibility:

- Conceptual Interior Design: Created a conceptual design for a luxury office as per L&T office interior standards.
- Schematic Design: Created a detailed space planning, furniture and circulation plan to hold capacity of 850 employees in one floor with different office spaces like meeting rooms, recreation space, cafeteria, Head cabins and gaming zone.
- Design Development: Finalizing materials, finishes, color code combination and furniture details for procurement. Coordinated with MEP consultants for integration and developing detailed for approval.

Projects: Renovation and Re-designing Office space (Client: Khivraj Motors)

Phase: CD(Conceptual Design) and Renovation work

Location: Chennai

Role & Responsibility:

- Conceptual Design: Suggested zone-specific design for office, inventory, waste disposal segregation and car service working space based on site conditions with multiple openings in the building to improve operation efficiency.
- Site Execution: Continuous coordination with MEP consultants and contractors for interior work, carpentry work, demolition work and suggested installation of HVLS fans to improve working efficiency.
- Renovation work: Restoring the existing building performance by re-designing of office space, repairing and replacing damaged parts like tiles, windows and mezzanine floor shelves.

Bhartiya Urban Private Limited

22-Mar-2022 - 16-Aug-2022

0 Years, 4 Months, 25 Days
PROFILE: Trainee Architect

Project: Nikoo 2 & 3 Apartment (Client: Bhartiya Urban private limited)

Phase: Execution Phase

Location: Bangalore

Roles & Responsibility:

- Post-Construction Feasibility: Conducted on-site design feasibility to match the design standards are being followed on-site as per instructions.

MBA-APM | MBA in Advanced Project Management

- **Documentation Management:** Maintained continuous updates of IGBC requirements, DP drawings, MoEF approvals, and land survey data to ensure alignment with project standards and regulatory compliance. Provided the updated documents to internal marketing team and liaison team.
- **GFC Adjustment:** Provided practical and smart solutions during on-site execution and also made revised changes or correcting GFC drawings wherever ground realities differed from initial design assumptions to ensure constructability and design integrity.
- **Site Coordination:** Continuous coordination with MEP, structural & HVAC team during the site execution and also during the documentation work.

FreshBus Private Limited

05-Dec-2022 - 13-Jun-2025

2 Years, 6 Months, 8 Days
PROFILE: Junior Architect, Product Specialist

Junior Architect
Projects: Electric Bus Depot (Client: Freshbus Private limited)

Location: Bangalore, Tirupati, Hyderabad, Vijayawada & Visakhapatnam

Roles & Responsibility:

- **Conceptual Design:** Developed the design in alignment with NBC and bus charging standards to ensure optimal bus movement feasibility and an efficient layout configuration to minimize electricity consumption and operational costs.
- **Design Development:** Recommended adopting a container office at the depot to optimize the time and to minimize the cost of the project. Also suggested increasing site level for underground pipe tunnel and accommodate future road level adjustments.
- **Site Readiness:** Executed site filling with layers of debris and sand, followed by deep compaction to enhance soil strength and load-bearing capacity that is permissible as per design based on the potential density of buses.
- **On-Site Execution:** Maintained a balance between project timelines and on-site working conditions. Proactively managed inventory and aligned procurement schedules to support seamless project progress.
- **Stakeholder management:** Coordinating with multiple stakeholders, including the Electrical Department, to ensure timely CIG approvals and to manage all contractors

Product Specialist
Projects: Internal Operation & Maintenance App & QR Ticket Booking web page.

Roles and Responsibility: Involved in the preparation of UI & UX Designing, Cross-functional Coordination with - Developers, Marketing team, Operations Team, Finance Team, Telecommunication Team and Sales Team. Provided presentations and training sessions and served as POC for any App updates.
