INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 11 Weeks)**NATIONAL INSTITUTE OF CONSTRUCTION MANAGEMENT AND RESEARCH**

11-Jun-2024 - 28-Jun-2024

2 Weeks**PROFILE:** SUMMER INTERN

- Assisted in estimating building material quantities and managing take-offs for accurate project planning.
- Supported costing activities by preparing preliminary estimates and rate analysis for informed procurement.
- Coordinated logistics with internal teams and partners to optimize transportation and delivery schedules.
- Aided the procurement process through vendor evaluation, sourcing, and purchase order tracking.
- Contributed to category management by analyzing product specifications, pricing, and market trends.
- Collaborated with stakeholders like importers, architects, and fabricators to define material requirements.
- Used B2B procurement platforms for data entry, order tracking, and process digitization.
- Helped monitor project workflows to align specifications, procurement, and client expectations.
- Maintained quality standards and compliance documentation for reliable sourcing.
- Gained experience in end-to-end project execution, combining material knowledge with strategic procurement.

Asian Paints

11-May-2026 - 11-Jul-2026

8 Weeks**PROFILE:** Sales Engineer

- Conducted market research and competitor analysis in the builder segment to understand market trends and customer preferences.
- Engaged with builders, consultants, contractors, and clients to develop stakeholder management and communication skills.
- Visited construction sites to inspect product applications and gain practical exposure to waterproofing and flooring systems.
- Analysed competitor products, pricing, and market positioning to support business insights.
- Prepared BOQs, product specifications, and application methodologies for construction chemical products.
- Developed and managed market databases using Excel, including data analysis, charts, and competitor comparisons.
- Gained understanding of sales strategies, market dynamics, and key decision-makers in the construction industry.

- Planned and executed market activities and completed project deliverables within scheduled timelines.

CERTIFICATION DETAIL

- Autodesk Certified Professional: AutoCAD for Design and Drafting Exam Prep
