SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-APM	NICMAR University, Pune	8.30	2027
Graduation	MBM ENGINEERING COLLEGE JODHPUR	83.9	2023-Jul
Intermediate	CBSE	64.2	2018-May
High School	CBSE	85.5	2016-May

WORK EXPERIENCE (0 Years 3 Months)

HGIEL

01-Oct-2023 - 07-Jan-2024

0 Years, 3 Months, 6 Days

PROFILE: GET

LOCATION - Andhra Pradesh (Highways), Haryana (Structures) and Odisha (Quality Assurance)

- Planned, Executed, and Monitored highway construction activities in compliance with project specifications and MoRTH standards.
- Reported the Site Engineer in managing day-to-day operations, material allocation, and manpower coordination, for smooth coordination on-ground.
- Documented surveying, leveling, and quantity estimation for earthwork, pavement layers, and structural components.
- Monitored quality control tests for materials such as concrete, aggregates, and bitumen to ensure adherence to quality standards.
- Prepared and maintained daily progress reports (DPR), work measurement sheets, and documentation for billing purposes.
- Coordinated with contractors, consultants, and project management teams to ensure smooth workflow and timely execution.
- Gained hands-on exposure to road construction techniques, drainage works, culverts, and structural works such as bridges and retaining walls.
- Ensured compliance with safety and environmental guidelines at the construction site.
- Ensured that environmental losses during construction shall be regained by planting trees.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 6 Weeks)

CPWD

10-Jun-2022 - 24-Jul-2022

6 Weeks

PROFILE: Assistant Engineer

- Assisted the site engineer in planning and execution of retaining wall construction, ensuring adherence to structural drawings and project specifications.
- Conducted site inspections and progress monitoring, ensuring work compliance with approved drawings, quality standards, and safety guidelines.
- Maintained daily progress reports including material consumption, labour allocation, and work status, supporting project tracking and coordination.
- Performed surveying and level checks using levelling instruments to ensure accurate alignment and structural stability of construction activities.
- Coordinated with design and structural teams to resolve on-site technical issues and verify project specifications.
- Participated in quality control processes including concrete and masonry testing, ensuring compliance with construction quality standards.

MBA-APM | MBA in Advanced Project Management

- Gained exposure to site technical evaluation, material performance, and construction practices, strengthening technical understanding relevant to waterproofing and building protection systems.

CERTIFICATION DETAIL

- AUTODESK REVIT
- Microeconomics Principles
- Introduction to Generative AI in Human Resources
- Project Management: The basics for Success
- Introduction to Corporate Finance

ACHIEVEMENT DETAIL

- NICMAR M.A.D. Club 2026-27
- Completed 'B' and 'C' Certificate of National Cadet Corps as Under Officer in 1 Raj Engr Regt.
