Bharat Electronics Limited

24-Aug-2023 - 27-Sep-2023

4 Weeks**PROFILE:** Project Trainee - Strategic Communication & Unmanned Systems

- Assisted in assembly and quality assurance processes, gaining hands-on experience in mechanical system evaluation.
- Conducted comprehensive testing activities, ensuring products met industry standards for quality and functionality.
- Contributed to quality control documentation and reporting, enhancing overall product quality and process efficiency.
- Participated in project meetings, providing updates and insights on quality metrics and improvement initiatives.

Bangalore Metro Rail Corporation Limited

PROFILE: Project Management Trainee

- **Project Lifespan & Scope Overview:** Gained a comprehensive understanding of BMRCL's metro rail infrastructure project, including project lifecycle phases, scope management, and high-level execution strategy.
- **Site Operations & Engineering Exposure:** Observed on-site civil and structural construction methods, tracking how design blueprints translate into large-scale urban transit infrastructure.
- **Project Control Mechanisms:** Studied the tracking systems, daily reporting structures, and stakeholder coordination workflows used by senior managers to monitor timeline compliance.
- **Project Planning Frameworks:** Analysed BMRCL's master schedules, milestone charts, and Work Breakdown Structures (WBS) to understand how mega-infrastructure timelines are planned and monitored.
- **Cost Engineering & Budgeting:** Reviewed project cost estimation methods, bill of quantities (BOQ) structures, and invoice verification workflows used to track cash flow and prevent budget overruns.
- **Progress Tracking Mechanisms:** Studied the application of Earned Value Management (EVM) principles and progress reporting metrics to evaluate variances between planned baselines and actual site execution.
