01-May-2024 - 27-Jun-2025

1 Years, 1 Months, 26 Days**PROFILE:** Junior Detailing Engineer

- Developed and maintained 3D structural steel models in Tekla Structures based on approved design drawings and project specifications.
- Prepared shop drawings and fabrication drawings ensuring constructability, dimensional accuracy and fabrication readiness.
- Coordinated with design engineers, project managers and fabrication teams to resolve RFIs, clarify design details and incorporate revisions.
- Managed drawing revisions, model updates and engineering documentation to ensure alignment with project schedule and fabrication timelines.
- Participated in drawing review cycles and quality checks, ensuring compliance with project standards and QA/QC requirements.
- Handled multiple modelling deliverables simultaneously under strict deadlines, improving coordination between design and execution teams.
- Developed strong exposure to project coordination, engineering documentation and structural detailing workflows in a deadline-driven environment.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 4 Weeks)**KPR Institute of Engineering and Technology**

09-Jun-2022 - 23-Jun-2022

2 Weeks**PROFILE:** Designing Trainee

- Developed 2D technical drawings using AutoCAD and 3D conceptual models using SketchUp for training design projects.
- Applied principles of technical drafting, spatial planning and building visualization in practical design exercises.
- Worked with instructors and peers to refine design layouts under project constraints and functional requirements.
- Strengthened technical drafting, visualization and design problem-solving skills through hands-on modelling exercises.

G Ramamoorthi Constructions (I) Pvt Ltd

15-Dec-2021 - 31-Dec-2021

2 Weeks**PROFILE:** Assistant Site Engineer

- Assisted site engineers in execution of RCC works, masonry, plastering and shuttering activities on site.
- Prepared and reviewed Bar Bending Schedule (BBS) and quantity estimations supporting material planning and site coordination.
- Monitored daily construction activities and labour operations to ensure work progress aligned with project schedule.

- Coordinated with contractors, supervisors and workers to maintain smooth site execution and workflow management.
- Observed quality control procedures, safety practices and construction standards during execution activities.
