- Cultural activities
- Video editing

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-NBS	NICMAR University, Pune	NA	2027
Graduation	RAJARAMBAPU INSTITUTE OF TECHNOLOGY ISHWARPUR 415409 ,SANGLI	55	2024-Jan
Intermediate	MAHARSHTRA STATE BOARD	63.69	2019-Jun
High School	MAHARASHTRA STATE BOARD	88.8	2017-Jun

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 20 Weeks)

Eltech Electrodesigns and Solutions Pvt Ltd

09-Jan-2023 - 31-May-2023

20 Weeks

PROFILE: R & D Intern

- Key Responsibilities
 - Product Design & Development
Designing circuits for induction heating systems.
Selecting appropriate electronic components (ICs, capacitors, MOSFETs, IGBTs, etc.).
Designing PCBs (Printed Circuit Boards) using software like Altium, Eagle, or KiCAD.
 - Developing embedded firmware (e.g., in C, C++, or Assembly) for microcontrollers (STM32, AVR, PIC, etc.).
 - Working on power supply design (AC→DC, DC→DC converters, inverters).
- Prototyping & Testing
 - Assembling test prototypes for functional testing.
 - Using tools like oscilloscopes, multimeters, and signal generators to test performance.
 - Measuring thermal characteristics and electromagnetic behavior.
- Documentation & Compliance
 - Creating design documents, user manuals, and BOMs (Bill of Materials).
 - Ensuring designs meet ISO standards or customer-specific certifications (e.g., for Railways, Defence, Telecom).
 - Working with QA teams to pass audits.
- Support to Production Team
 - Assisting in transferring designs to production teams.
 - Troubleshooting production issues related to electronics or firmware.
 - Providing input on manufacturability and cost optimization.
- Innovation & R&D
 - Conducting research on newer technologies like SiC/GaN-based power electronics, wireless power transfer, or AI integration in embedded control.
 - Building PoC (Proof of Concept) models for client demos.

ACHIEVEMENT DETAIL

Professional Achievements

Logistics Co-ordinator at Mundhra Logistics “ [2024-2025]

Achievement: Customer Order Fulfillment (Eye to Serve): Order

Acknowledgement, Sending orders to the right source,

Creation of Sales order, Attending phonecalls of customers,

Cancellation of order, Checking status of orders whether it is

pending, in process or accepted. Following allotment of

cement discussing with marketing officers and retailers.

SAP software: Making Dispatch Invoices of cement orders,

Making of shipment IDs by using SAP software.

Aditya Birla IBM Case Manager: Processing of various bills by

providing right Vendor code, GL code, Cost center. Amount

tally. Selection of correct Region, Generation of case IDs,

Selecting and attaching scanned documents to the

respected Case IDs.

Date 12-2-2024 to 30-07-2025
