

ROLL NUMBER: P25706011

**Sakshi Atul Kadu**

Female

DOB

10-Oct-2000

TECHNICAL SKILLS

- AutoCAD
- MS Office
- Primavera
- Adobe Photoshop
- Adobe Illustrator
- Adobe InDesign
- One Click LCA
- Sima Pro
- Power BI

PERMANENT ADDRESS

Sakshi Villa, Datta Prasad, Housing Society, Lane No.2, Survey No.47/3, Ganesh Nagar, Wadgaonsheri, Pune- 411014

City: Pune

State: Maharashtra

Pincode: 411014

LANGUAGE

- Marathi
- Hindi and English

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-SEM	NICMAR University, Pune	8.31	2027
Graduation	MIT ART, DESIGN AND TECHNOLOGY UNIVERSITY, PUNE, MAHARASHTRA	67.2	2024-Jul
Intermediate	HSC, PUNE MAHARASHTRA	65.23	2018-Jun
High School	CBSE, PUNE MAHARASHTRA	85.5	2016-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 30 Weeks)**Shree Bramha Architects**

16-Jan-2024 - 14-Jun-2024

21 Weeks**PROFILE:** Architectural Intern

- Assisted in the planning, conceptualization, and design development of residential projects by preparing layouts in accordance with client requirements, building regulations, and functional design principles.
- Prepared and revised detailed architectural working drawings, including floor plans, elevations, sections, and construction details, while incorporating client feedback and design modifications.
- Understanding 3D architectural models and rendered visualizations to effectively communicate design concepts, material finishes, and spatial arrangements to clients and senior architects.
- Collaborated with junior and senior architects throughout different project stages, including design development, documentation, and preparation of drawings required for project approvals and sanctioning.
- Participated in site visits to understand practical construction processes and assist in resolving design-related issues during construction.
- Performed on-site measurements and surveys to ensure accuracy of existing site conditions and support preparation of as-built drawings and design revisions.
- Coordinated with project team members to maintain drawing accuracy, update design documentation, and ensure timely completion of assigned tasks.
- Gained practical exposure to architectural drafting standards, construction detailing, client interactions, and the overall workflow involved in residential project execution.

Sustain And Save Pvt Ltd.

15-May-2026 - 15-Jul-2026

8 Weeks**PROFILE:** Green Building Analyst Intern

- Assisted in the sustainability certification process for residential projects under green building rating systems such as IGBC (Indian Green Building Council) and GEM, ensuring compliance with prescribed environmental standards and certification requirements.
- Reviewed and evaluated architectural drawings, layouts, and project documentation against green building criteria, with a focus on site planning, natural ventilation, cross-ventilation, and sustainability credit compliance.
- Prepared technical compliance reports, supporting calculations, and documentation required for certification submissions, ensuring project designs met the eligibility criteria for targeted green building credits.
- Contributed to the development and revision of 2D architectural drawings by incorporating sustainable design features, including Rainwater Harvesting (RWH) provisions, Solid Waste Management (SWM) strategies, daylighting concepts and occupant well-being considerations.
- Assisted in integrating green building design strategies into project documentation to improve environmental performance, resource efficiency, and compliance with sustainability guidelines.

- Coordinated with senior sustainability consultants and architects to review design revisions, monitor certification progress, and resolve technical observations during the documentation process.
- Gained practical exposure to sustainable building assessment frameworks, environmental compliance procedures, green building documentation practices and energy-efficient design principles while strengthening analytical, technical, and coordination skills.

CERTIFICATION DETAIL

- GHG Accounting & Carbon Accounting
- Sustainable Engineering Concepts and Life Cycle Analysis
- Product Engineering and Design Thinking
