INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 17 Weeks)**Fusionpact Inc.**

20-May-2026 - 20-Sep-2026

17 Weeks**PROFILE:** Sustainability and Climate Technology Intern

I was deployed into the operations team to oversee a dMRV platform named ForestTwin which helps in monitoring, reporting, and verification of carbon credits in both compliance and mandatory based carbon markets. I was assigned the task of making changes to the LCA of biochar in accordance with the Project Design Document (PDD) of the Bharat Biochar Initiative project registered with the Isometric carbon registry. Furthermore, I checked the API integration feasibility of different carbon registries and helped to integrate CAD Trust API Layer with ForestTwin platform.

ACHIEVEMENT DETAIL

Achieved First Runner-Up in two sustainability-themed poster competitions:

1. Sustainable Water Solutions using Indian Knowledge Systems
2. Water and Women

Proposed the use of Khambati Kuan as a traditional Nature-Based Solution for improving groundwater recharge by increasing percolation and sustainable water conservation for communities at large.
