**3 Years, 10 Months, 30 Days**

**PROFILE:** Operations Executive|Managing Partner

**Operations Executive - Finance, Mining & Equipment Maintenance**

.Managed daily operational activities across construction, crusher, mining, equipment maintenance, and financial operations to ensure smooth workflow and efficient execution of activities.

.Monitored daily cash flow, vendor payments, and overall financial activities based on operational requirements.

.Handled banking operations including management of CC/OD accounts, loan servicing, RTGS transactions, and timely coordination of vendor and operational payments.

.Managed procurement activities by comparing quotations, negotiating with vendors, and finalizing suppliers based on cost, quality, and operational requirements.

.Supervised day-to-day crusher plant operations and monitored production output against targets.

.Tracked machinery performance, equipment efficiency, and diesel consumption to improve productivity.

.Verifying subcontractor bills related to crusher operations and coordinated payments based on daily production and operational reports.

.Coordinated and supervised mining and blasting activities while ensuring safe and controlled practices.

.Worked closely with mining authorities for approvals, documentation, and compliance-related activities.

.Managed maintenance operations for heavy construction equipment.

.Managed procurement for plant and maintenance operations by negotiating with vendors, controlling costs, and ensuring timely availability of required materials and spare parts.

.Supervised repair and servicing activities to ensure equipment availability for operations.

.Coordination with different departments to maintain smooth day-to-day site and plant operations.
