WORK EXPERIENCE (2 Years 4 Months)

Ojasviha Design & Construction

24-Mar-2023 - 26-Jul-2025

2 Years, 4 Months, 2 Days

PROFILE: Site Engineer

• Executed RCC, structural, interior fit-out, and finishing works including HVAC, flooring, false ceilings, furniture, partitions, and external façade works such as ACP cladding, aluminum & glass installations, and curtain wall glazing, in compliance with approved drawings, specifications, and method statements.

• Supervised daily site activities and coordinated with subcontractors, site engineers, and supervisors to ensure proper work sequencing as per the approved construction schedule.

• Collected daily site progress data from execution teams and subcontractors; monitored planned vs actual progress and identified schedule deviations and critical delays.

• Prepared Daily, Weekly, and Monthly Progress Reports (DPR, WPR, MPR) and provided site-level inputs for delay analysis and recovery planning.

• Assisted the planning engineer in preparing look-ahead schedules to align site activities with project milestones and delivery targets.

• Managed procurement through direct vendor coordination, material inspections, and commercial negotiations to ensure cost efficiency and timely delivery.

• Prepared and verified BOQs and RA bills; performed quantity tracking and quantity surveying to ensure alignment between executed quantities, billing, and planning records.

• Supervised labor teams, conducted quality checks, and ensured compliance with design specifications, quality standards, and site safety requirements.

• Coordinated with contractors, vendors, consultants, and clients to resolve on-site issues and ensure timely project completion.
