High School	HANUMAKONDA, WARANGAL, TELANGANA	69.2	2019-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 8 Weeks)**Bhate and Raje Construction Co.Pvt.Ltd**

04-May-2026 - 03-Jul-2026

8 Weeks**PROFILE:** QA/QC Intern

- Inspected foundations, columns, beams, and slabs to ensure all construction matched approved drawings and quality standards.
- Checked delivery batch sheets, mix designs, and slump values before allowing concrete to be poured.
- Tested concrete workability and conducted 7-day and 28-day compressive strength tests on concrete cubes using a testing machine.
- Verified steel bar spacing and lap lengths, and checked the alignment and safety of modular formwork before casting.
- Monitored Post-Tensioning (PT) activities like tendon alignment and stressing forces, as well as grade slab preparation (anti-termite treatment, PCC).
- Used Auto Levels, Total Stations, and Laser Levels to verify accurate site dimensions and floor levels.
- Maintained daily inspection requests, pour cards, and quality reports while coordinating closely with execution and safety teams.
