TOTAL WORK EXPERIENCE: 23 month(s)**Larsen and Toubro**

03-Jul-2023 - 28-Jun-2025

1 Years, 11 Months, 25 Days**PROFILE:** Senior Engineer Civil**Project: Mumbai Ahmedabad High Speed Rail C4, Section-04**

India's first high-speed rail corridor, spanning **508 km** across **Maharashtra, Gujarat and Dadra & Nagar Haveli**, with **12 planned stations** and designed for operations at up to **320 km/h**. The project represents a major technology-intensive infrastructure investment with a **sanctioned capital cost of Rs. 1,08,000 crore**, supported by Japanese Shinkansen technology and JICA financing.

Roles and Responsibilities

- **Project Management:** Oversaw end-to-end execution of Full Span Casting Yards (Chainage 306, 497 girders; Chainage 320, 69 girders), ensuring delivery within timelines, budget, and quality standards.
- **Estimation & Scheduling:** Prepared quantity and cost estimates for concrete, shuttering, and consumables required for girder casting; developed monthly, quarterly, and yearly casting schedules aligned with the erection plan and monitored progress.
- **Stakeholder Coordination:** Collaborated with subcontractors, vendors, cross-functional teams, and client representatives to achieve targets.
- **Risk & Compliance Management:** Identified potential delays and resource risks, implemented mitigation strategies, ensured safety and regulatory compliance at the casting yard.
- **Financial Management:** Prepared and processed subcontractor bills. Reconciled monthly consumable usage and contributed to cost control by reducing wastage through proper documentation and evaluation.
- **Process Improvement:** Streamlined casting yard activity through continuous tracking and improved efficiency of stacking yard planning, leading to better space utilization.
- **Client reporting:** Maintained strong client relations by preparing detailed reports and progress updates.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 12 Weeks)**KPMG India**

04-May-2026 - 26-Jun-2026

7 Weeks**PROFILE:** Major Projects Advisory - Intern

- Supported **project controls and management reporting** for large-scale capital projects covering schedule, cost, progress and project interfaces.
- Analysed a **21-project / 3,517 MW wind energy portfolio**, tracking land, WTG foundations, erection, electrical infrastructure, and commissioning.

- Developed **DPR/dashboard reporting** to consolidate project KPIs, progress, constraints, actions and operational readiness.
- Performed **CAPEX benchmarking for a greenfield integrated steel plant**, analysing plant capacity, location, technology, construction year and contractor tier as key cost drivers, using **Monte Carlo simulations** to assess cost ranges and uncertainty across project scenarios.
- Studied **project risk assessment through risk registers and workshops**, applying probability-impact analysis, risk ownership, mitigation planning and periodic monitoring.
- Studied key **EPC and project execution risks**, including engineering specification delays, scope changes, inadequate responsibility matrices and procurement constraints.
- Analysed risks related to **land acquisition/ ROW, stakeholder coordination, statutory approvals and inadequate contingency planning**, with a focus on their potential impact on project schedules.

Bharat Petroleum Corporation Limited

01-Jun-2023 - 30-Jun-2023

4 Weeks
PROFILE: Intern

- Gained exposure to **civil and structural maintenance of oil & gas refinery infrastructure**.
- Studied **foundations and support systems for static and rotating equipment**, including vibration, dynamic loading and safe load transfer considerations.
- Observed **refinery maintenance and repair activities** including PU grouting of underground pits, industrial road works, waterproofing and structural repairs.
- Gained exposure to **FRP cooling tower installation and chemical anchoring** with emphasis on corrosion resistance and structural reliability.
- Studied **quantity estimation, cost planning, and maintenance budgeting** for refinery civil works, along with industrial safety practices.

Prestige Group

11-Aug-2022 - 18-Aug-2022

1 Weeks
PROFILE: Intern

Project: Prestige Cyber Green Phase-1

- Supervised daily site execution activities, ensuring quality, safety, and timely progress, and prepared subcontractor bills. Carried out material quantity estimation and reconciliation.
- Assisted in project scheduling, tracking progress, and coordinating manpower and resources to meet deadlines. Studied procurement and material handling on site.

CERTIFICATION DETAIL

- Construction Management: Planning and Scheduling
- Project Management Foundations: Ethics
- Project Management Foundations: Requirements
- Finance for Non-Financial Managers

ACHIEVEMENT DETAIL

- Head of Talent Club, 2022-2023
- Member of the College Basketball team, 2019-2023
- School Games captain, 2018-2019
