25 Weeks
PROFILE: TRAINEE EXECUTION ENGINEER

To execute the ongoing construction activities.

Suryapriya Construction Pvt. Ltd.

04-May-2026 - 04-Jul-2026

8 Weeks
PROFILE: Site Execution, QS+Billing

- I gained practical experience in studying and interpreting architectural and structural drawing sets. This skill was essential for understanding the project requirements and ensuring that the on-site work was aligned with the approved designs.
- I supervised and monitored various construction activities on site, including bar bending, blockwork, staging, shuttering, de-shuttering, reinforcement placement, and concreting works.
- My role involved ensuring that the activities were executed as per approved drawings, specifications, Planning and safety requirements while maintaining the desired quality standards throughout the construction process.
- I interpreted shuttering placement drawings and supervised the formwork setup. My involvement ensured accurate dimensions and alignment during concrete works.
- I was actively involved in the execution and supervision of the Second Floor Slab casting, which involved approximately 480 m³ of concrete.
- The casting operation commenced on 6 June 2026 and continued through 8 June 2026, including night shifts, where I assisted in coordinating activities, monitoring progress, and ensuring adherence to quality and safety standards throughout the concreting process.
- I updated and tracked project schedules using planning tools (MSP), helping in the timely monitoring of progress and identification of potential delays.
- I prepared and reviewed Daily Progress Reports (DPR), Participated in Weekly Review Meeting (WRM) and Planning for upcoming week by sitting with PMC and Client. These reports were crucial for updating stakeholders on the status of the project and ensuring transparency in communication.
- I supervised the execution of concreting works used for levelling and base preparation in foundation works. This activity enhanced my understanding of preliminary foundation practices.
- As an intern attached to the Billing Department, I had participated in quantity verification, measurement of executed works, BOQ Interpretation. Preparation of RA bill and supported activities related to client and subcontractor billing.
