SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.59	2027
B.Tech <i>Civil Engineering</i>	PRIST UNIVERSITY	65.64	2022-Aug
Intermediate <i>Science (PCM)</i>	ANDHRA PRADESH	85.4	2017-Mar
High School	KARNATAKA	62.7	2015-Mar

TOTAL WORK EXPERIENCE: 27 month(s)
Megha Engineering and Infrastructure Limited

18-Jan-2023 - 12-Jan-2024

0 Years, 11 Months, 25 Days
PROFILE: Graduate Engineer Trainee

- Worked on large-scale infrastructure projects involving flyover, viaduct, bridge, and civil construction works, gaining hands-on experience in site execution.
- Managed and monitored day-to-day construction activities, ensuring work was executed in accordance with approved drawings, specifications, quality standards, safety requirements, and project schedules.
- Coordinated with project managers, consultants, subcontractors, vendors, and site teams to resolve execution-related issues and maintain smooth project progress.
- Involved in planning, quantity estimation, BOQ preparation, resource planning, progress monitoring, and measurement/billing activities to support effective project control.
- Prepared and reviewed daily/weekly progress reports, work schedules, site documentation, and project records, supporting management in tracking project performance.
- Gained practical exposure to contract management, claims, cost control, quality management, risk management, and construction planning in an infrastructure project environment.
- Developed strong understanding of the complete construction cycle, from planning and procurement through execution, quality control, billing, and project monitoring.

Vishwa Samudra Engineering Pvt Ltd

22-Feb-2024 - 20-Sep-2024

0 Years, 6 Months, 29 Days
PROFILE: Junior Engineer

- Supervised execution of **large-scale infrastructure and civil works**, including flyovers, viaducts, Major bridges & Minor Bridges, Vehicular Under Passes (VUP).
- Coordinated site operations to ensure construction activities complied with **approved drawings, specifications, quality standards, safety protocols, and project schedules**.
- Collaborated with **project managers, consultants, subcontractors, vendors, and multidisciplinary site teams** to resolve execution issues and maintain project progress.
- Contributed to **project planning, quantity estimation, BOQ preparation, resource planning, progress measurement, and billing activities (client billing & Sub-Contractor billing)**.
- Tracked project performance through **daily/weekly progress reports, schedules, site records, and documentation**, providing updates to project management.
- Supported **contract administration, claims, cost control, quality management, risk management, and construction planning** activities.
- Gained comprehensive exposure to the **project lifecycle from planning and procurement to execution, quality control, measurement, billing, and project monitoring**.
- Monitored project progress through **daily and weekly reporting**, maintaining work schedules, site records, documentation, and performance updates for management review.

- Coordinated with technical and site teams for **drawing clarifications, work-front availability, and resolution of execution-related issues.**

Rithwik Projects Pvt Ltd

14-Oct-2024 - 05-Jul-2025

0 Years, 8 Months, 21 Days**PROFILE:** Engineer

- Executed and monitored civil construction activities for a 2.7km viaduct in a tunnel project in Navi Mumbai, ensuring compliance with approved drawings, technical specifications, quality standards, and project schedules.
- Supervised day-to-day site activities and coordinated with subcontractors, vendors, consultants, and project teams to ensure smooth and timely execution of works.
- Involved in construction planning, resource coordination, quantity estimation, BOQ management, measurements, and billing activities.
- Monitored work progress against planned schedules and supported the project team in identifying and resolving site-level issues affecting productivity and project timelines.
- Prepared and maintained daily progress reports, site records, quantity statements, measurement sheets, and other project documentation.
- Ensured implementation of quality control and safety requirements at site and coordinated with relevant teams to maintain project standards.
- Assisted in monitoring material requirements, manpower deployment, equipment utilization, and overall site productivity.
- Developed strong understanding of the complete construction cycle, from planning and procurement through execution, quality control, billing, and project monitoring.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 8 Weeks)**Jyoti Structures Limited**

05-May-2026 - 05-Jul-2026

8 Weeks**PROFILE:** Intern

- Assisted in the planning, execution, and monitoring of Extra High Voltage (EHV) transmission line projects.
- Gained practical exposure to the complete transmission line construction cycle, including foundation works, tower erection, conductor stringing, sagging, tensioning, and final commissioning activities.
- Observed and supported transmission line stringing operations, including the use of tensioners, pullers, pilot wire installation, and OPGW/earth wire stringing while ensuring adherence to safety procedures.
- Participated in site inspections to monitor construction progress, quality compliance, and implementation of safety standards.
- Coordinated with site engineers, contractors, and project teams to facilitate daily construction activities and resolve on-site issues.
- Assisted in project scheduling, progress monitoring, material tracking, and preparation of project documentation and reports.
- Gained exposure to quality assurance procedures, inspection checklists, method statements, and construction documentation.
- Developed practical knowledge of transmission infrastructure, construction methodologies, resource management, and project coordination for large-scale power projects.
