D.E.C. INFRASTRUCTURE AND PROJECTS (INDIA) PRIVATE LIMITED

05-May-2024 - 16-Nov-2024

0 Years, 6 Months, 11 Days

PROFILE: GRADUATE ENGINEER TRAINEE - QUALITY CONTROL

In this company I worked as a GET-QUALITY CONTROL where I used to perform all the quality tests on building materials, cement concrete, and concrete structures. Apart from those activities I also performed site execution activities, Labour management, material management activities, and safety.

I learned how to perform all the tests on materials and making quality reports based on the results.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 34 Weeks)

PRIYA CONSTRUCTIONS (RAILWAY AND CIVIL WORK)

01-Oct-2023 - 31-Mar-2024

26 Weeks

PROFILE: INTERN

As an Intern in this company, I worked in a residential building project under the guidance of a contractor.

I this journey I learned the site execution works, drawings details, billing details, Labour management, etc.

Ernst & Young LLP

06-May-2026 - 03-Jul-2026

8 Weeks

PROFILE: Business Consulting Risk

In this role the following responsibilities has been carried out:

Engagement Support & High-Quality Delivery: Supported live infrastructure project engagements under minimal supervision, ensuring end-to-end audit deliverables aligned with set plans, budgets, quality standards, and company governance checklists.

Project & Program Management Controls: Assessed overall project health across 15 critical operational areas including project governance, cost estimation, schedule management, procurement strategies, and design protocols to identify commercial and operational risks.

Risk Assessment & Financial Auditing: Conducted detailed risk assessments and audit verification of project records, including RA bill certifications, vendor payment terms, change management requests, and statutory compliance approvals.

Stakeholder Reporting & Executive Presentation: Developed visually engaging, structured PowerPoint presentations to communicate complex risk audit findings, issue initial solutions, and present strategic recommendations to senior leadership and domestic/global stakeholders.

Governance & Handover Protocols: Reviewed project MIS reporting, tracked variation orders/change controls, and aligned end-to-end documentation to support risk mitigation, project

handover, and closeout protocols.

Safety & Regulatory Compliance Review: Audited site safety protocols and risk management frameworks to ensure alignment with industry regulations, contract provisions, and client quality standards.
