ACHIEVEMENT DETAIL

- **Best Paper Presentation Award** – National Level Technical Paper Presentation
- Awarded for presenting the research project titled "**Automated Estimation Using Light Detection and Ranging (LiDAR)**" at Dilkap Research Institute of Engineering and Management Studies on March 2023.
- The project proposed a cost-effective and innovative method for automated road condition analysis and earthwork estimation using TF Mini LiDAR technology. Recognized for its practical application in surveying, reduction in time and labor costs, and potential to enhance road safety by accurately detecting potholes and estimating repair needs.
