TOTAL WORK EXPERIENCE: 8 month(s)

TRV (KERALA) INTERNATIONAL AIRPORT LIMITED

07-Oct-2024 - 30-Jun-2025

0 Years, 8 Months, 23 Days

PROFILE: CIVIL ENGINEERING APPRENTICE

Worked as a Civil Engineering Apprentice for the Project Department at TRV (KERALA) INTERNATIONAL AIRPORT LIMITED (ADANI AIRPORT HOLDINGS LIMITED).

- Coordinated and supervised Runway Recarpeting and Strip work, assisting in project management and stakeholder engagement throughout airside and landside operations.
- Conducted quality inspection and participated in joint measurements with contractors to ensure accurate quantity verification and compliance with approved plans and methodologies.
- Executed Geotechnical Investigation for "PROJECT ANANTHA", utilizing laboratory testing protocols and standards to ensure timely and reliable results.
- Worked as part of the QA/QC team for the runway recarpeting project, supporting documentation, inspections, and corrective actions.
- Facilitated smooth project execution by collaborating cross functionally, monitoring progress, and proactively resolving construction site issues.
- Implemented levelling and grading for runway basic strips, contributing to optimized construction processes and site safety.

PROJECTS

- Geotechnical Investigation at TRV INTERNATIONAL AIRPORT LIMITED
- Runway Recarpeting at TRV INTERNATIONAL AIRPORT LIMITED
- Levelling and Grading of Runway Basic Strip

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 8 Weeks)

Confident Group

04-May-2026 - 30-Jun-2026

8 Weeks

PROFILE: Summer Intern

Projects: Confident Horizon, Confident Amaze, Confident Fairfield, & Confident Pioneer

- **Structural Execution & Quality Control:** Supervised daily structural execution across four high-rise residential projects, conducting pre-pour inspections for rebar detailing, shuttering alignment, and concrete casting in compliance with IS codes and safety standards.
- **Block Work & Finishing Management:** Coordinated multi-level block work and interior finishing, ensuring strict adherence to architectural drawings.
- **Workforce Coordination:** Managed daily site labour allocation, deploying multi-trade workforce teams across different floors to optimize productivity and minimize spatial bottlenecks during

peak execution phases.

- **Material Logistics & Supply Chain:** Supervised site material movement and inventory, tracking daily consumption rates
- **Quantity Surveying & Estimation:** Assisted in preparing site-level Bill of Quantities (BOQ), conducting material takeoff calculations, and tracking material variance against baseline estimates to minimize wastage.

ACHIEVEMENT DETAIL
