

**ROLL NUMBER:** P25700716

**Mr. Shikhil Chamel**  
Male

**DOB**

16-Jun-2001

**TECHNICAL SKILLS**

- AutoCAD
- MS Office
- MS Project
- Primavera
- BIM

**PERMANENT ADDRESS**

39/7, Ward No. -02 ,Prem Vihar  
 ,Shamsherpur(117),Paonta Sahib  
 City: Sirmaur  
 State: Himachal Pradesh  
 Pincode: 173025

**LANGUAGE**

- HINDI
- ENGLISH

**SUMMARY OF QUALIFICATION**

| Course / Programme                   | Board / University Name                                            | CGPA/ (%) | Passing Year |
|--------------------------------------|--------------------------------------------------------------------|-----------|--------------|
| MBA-ACM                              | NICMAR University, Pune                                            | 8.46      | 2027         |
| B.Tech<br><i>Civil Engineering</i>   | GRAPHIC ERA DEEMED TO BE UNIVERSITY                                | 90.2      | 2023-Oct     |
| Intermediate<br><i>Science (PCM)</i> | CENTRAL BOARD OF SECONDARY EDUCATION ,<br>SHIMLA ,HIMACHAL PRADESH | 82.8      | 2019-May     |
| High School                          | CENTRAL BOARD OF SECONDARY EDUCATION ,<br>SHIMLA ,HIMACHAL PRADESH | 77.9      | 2017-Jun     |

**INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 62 Weeks)**
**National Highway Authority of India**

27-Jun-2022 - 10-Aug-2022

**6 Weeks**
**PROFILE:** Trainee

- Assisted in **estimation and costing** for six-lane **highway** packages, preparing quantity take-offs and rate analysis to support **budgeting** inputs.
- Performed **material testing** of construction materials as per standards and documented results **quality assurance** records.
- Executed **surveying** and benchmarking activities supporting alignment and level verification and studied **construction methodology** for six-lane elevated corridors and tunnel works.
- Evaluated road user **safety** measures against applicable standards and reported observations to project engineers for corrective action.

**SHARNAGAT CONSTRUCTION PVT. LTD.**

01-Dec-2023 - 01-Nov-2024

**48 Weeks**
**PROFILE:** Trainee Engineer

- Supported end-to-end **project execution**, supervising excavation, shuttering, reinforcement, concreting, masonry and finishing works across multiple work fronts to maintain **delivery against plan**.
- Prepared **Daily and Monthly Progress Reports (DPR / MPR)** covering manpower deployment, material consumption and physical progress against **baseline schedule**, escalating slippage to senior engineers for corrective action.
- Verified site measurements and supported preparation of contractor **RA bills**, reconciling executed quantities against **BOQ** and measurement records to ensure **billing accuracy and cost control**.
- Interpreted architectural, structural and plumbing **drawings** to ensure site execution matched design intent, raising discrepancies with engineers and consultants for timely resolution.
- Coordinated daily between engineers, contractors and labour teams, **managing stakeholder expectations** and prioritising competing site activities in a **fast-paced delivery environment**.
- Conducted material **quality checks** and monitored site **safety compliance** against approved workmanship and **HSE standards**, supporting adherence to **governance and quality protocols**.

**Geoquest India Private Limited**

04-May-2026 - 29-Jun-2026

**8 Weeks**
**PROFILE:** Operations Intern

- Prepared and monitored **integrated project plans** in **MS Project** for Reinforced Earth / Mechanically Stabilised Earth (MSE) wall **highway construction** packages, supporting activity

- sequencing, **resource management** and **schedule monitoring** against approved baselines.
- Conducted **delay analysis** and **Time Impact Analysis** to support **Extension of Time (EOT)** entitlement assessment through delay classification and concurrency assessment, deriving insights to inform **catch-up plans** and **forward-looking corrective actions**.
  - Independently prepared **Project Risk Management** registers across multiple highway work orders, evaluating technical, **contracting**, financial, legal, operational, logistics and safety exposure and presenting **risk assessments** with mitigation actions to the project team.
  - Developed **Bills of Quantities (BOQ)** and comparative **cost estimates** for RCC Retaining Wall and Reinforced Earth (MSE) Wall systems, supporting **cost monitoring** and **procurement** decision-making.
  - Consolidated progress, quantity and material reconciliation data into **advanced MS Excel** trackers, establishing a consistent basis for **scope, cost and schedule reporting** to project leadership.
  - Reviewed and interpreted **design and engineering drawings** and monitored **construction** progress to ensure execution remained aligned with approved **project scope** and quality standards.
  - Monitored casting yard and erection **quality inspections** against Quality Assurance Plan (QAP) checklists and **Inspection & Test Plans (ITPs)**, and participated in Pre-Site Briefings, Toolbox Talks and **Hazard Identification and Risk Assessment (HIRA)** reviews.
  - Completed **Power BI** training and applied **data visualisation** and dashboarding concepts to **project reporting**, coordinating with engineering, contracts and site **stakeholders** as a single point of contact for schedule and risk inputs.
