5 Weeks
PROFILE: Itern

During my internship at Vrundavan Nagri, Washim, I was actively involved in site supervision and monitoring of daily construction activities. I worked closely with site engineers to understand project execution, reviewed construction drawings, and assisted in ensuring accuracy during implementation. My responsibilities also included preparing daily progress reports, maintaining project documentation, and supporting quality checks of materials and workmanship.

This experience gave me hands-on exposure to estimation, quantity surveying, and site safety practices, while also improving my understanding of how largescale residential and commercial projects are manage
