

ROLL NUMBER: P25709049

**Mr. Abhishek Mangalsing
Rajput**
Male

DOB

29-Sep-2003

TECHNICAL SKILLS

- AutoCAD
- MS Office
- Staadtpro
- Revit3D
- WaterGEMS
- PowerBI
- Primavera
- MSP

PERMANENT ADDRESS

D-302, Anmol Nayantara City
One, tidke Colony
City: Nashik
State: Maharashtra
Pincode: 422002

LANGUAGE

- English
- Hindi
- Marathi

Profile Verification Status

- Academic Detail is not verified.
- Diploma Marksheet/Certificate is not verified.
- PAN Card is not verified.
- Project / Internship details are not verified.

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
M.Tech-CTM	NICMAR University, Pune	7.71	2027
B.Tech <i>Civil Engineering</i>	NMIMS	0	2025-Jun
Diploma	K K WAGH POLYTECHNIC (NASHIK)	86.32	2022-Jun
High School	IGCSE (NASHIK)	67.57	2019-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 9 Weeks)
L&T

04-May-2026 - 08-Jul-2026

9 Weeks
PROFILE: Intern

1. Surveying & Grid Setting Out: Participated in establishing foundation center lines, grid intersections, reference levels, and anchor bolt positioning using total stations and digital auto-levels in accordance with layout drawings.
2. Observing & Documenting the 12-Step Foundation Sequence: Directly tracked and documented the complete foundation construction process from initial survey marking through to final inspection and handover.
3. Reinforcement & Formwork Checks: Inspected rebar fixing against Bar Bending Schedules (BBS), checked cover blocks, and verified the alignment, plumbness, and bracing of pedestal formwork/shuttering prior to pours.
4. Quality Control & Testing: Performed and documented routine concrete quality control checks at the site and QC laboratory, including on-site slump cone tests for workability and 7-day/28-day concrete cube compressive strength tests.
5. Concreting Supervision: Monitored ready-mix M30 concrete placement, tremie pipe usage, and vibrator compaction for ICT raft foundations, pedestals, grade slabs, and precast cable trenches, including participating in night-time pours.

Bagad Properties

02-Jan-2025 - 19-Apr-2025

15 Weeks
PROFILE: Intern

1. Quality Assurance & Quality Control (QA/QC): Conducted daily onsite quality checks, including slump cone testing, cube sampling, and monitoring 7-day and 28-day concrete compressive strength tests.
2. Concrete & Earthwork Quantification: Calculated total concrete volumes for PCC and basement slabs, as well as managing quantity tracking for backfilling operations.
3. Waterproofing Supervision: Oversaw the execution of basement foundation waterproofing systems, ensuring proper installation of HDPE membranes, heat-welded seams, bitumen coats, and hydrophilic water bars at construction joints.
4. Curing Operations Management: Directed field application of concrete curing methods, including wet gunny bags, ponding, and acrylic polymer curing compounds across structural

members.

ACHIEVEMENT DETAIL

Letter of appreciation for Delivering a presentation at First International Conference on Remote Sensing at IIT Jammu
