INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 17 Weeks)**Central Public Works Department (CPWD)**

20-May-2023 - 19-Jun-2023

4 Weeks**PROFILE:** Intern

I was asked to study the drawings. Based on the drawings I have to inspect whether the actual dimensions of the structure (formwork) match with the drawings. Whether the diameter of reinforcement bars, their length, shape, numbers and spacing are as per the requirement in the drawings. While pouring the concrete I have to supervise whether it is being placed properly and is being finished properly. I have to be always present at site for all other activities too like excavation, backfilling, dressing, masonry, plaster, painting, curing, etc. I was also be asked to prepare bar bending schedule based on the drawings.
