SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-APM	NICMAR University, Pune	8.33	2027
B.Arch. <i>Bachelor of Architecture</i>	SHIVAJI UNIVERSITY, KOLHAPUR.	75.69	2022-Jul
Intermediate <i>Science (PCMB)</i>	MAHARASHTRA STATE BOARD OF SECONDARY AND HIGHER SECONDARY EDUCATION, PUNE	67.54	2017-Mar
High School	MAHARASHTRA STATE BOARD OF SECONDARY AND HIGHER SECONDARY EDUCATION, PUNE	83	2015-Mar

TOTAL WORK EXPERIENCE: 27 month(s)
Meinhardt EPCM

19-Aug-2022 - 29-Nov-2024

2 Years, 3 Months, 10 Days
PROFILE: Junior Manager Architect

Project: TATA MICRON, Sanand, Gujarat

Project Detail: Large-scale semiconductor manufacturing facility, which involved detailed design development, construction documentation, administration facilities and site infrastructure. Contributed to design packages such as, raised floor systems, fire evacuation planning, administration interiors and entrance gate development.

Responsibilities:

- Developed detailed design and GFC Documentation for various project packages thereby accelerating project delivery.
- Led the entrance gate design package, coordinating design development and ensuring timely completion of the package
- Prepared drawings for raised floor including FAB related raised floor requirements
- Developed fire evacuation plans and travel-distance studies in accordance with project requirements
- Coordinated architectural requirements with structural, MEP and interior disciplines to resolve design interfaces
- Worked on administration building interiors including meeting rooms, workstations, day-care, staff lounge and lift lobby
- Prepared construction drawings and technical documentation to support project execution.
- Supported design reviews and coordination with multidisciplinary stakeholders to maintain accuracy and quality.

Project: ADANI AIRPORTS – Trivandrum, Jaipur & Guwahati

Project Detail: Airport development and modernization project for three Indian airports – terminal planning, extension to existing buildings, design development and construction documentation including working drawings and bills of quantities.

Responsibilities:

- Played role in developing terminal plans and project design for multiple airport projects.
- Prepared GFC drawings and documentation with support in planning and documentation for building extensions and modernization works.

- Coordinated with structural and MEP teams for requirement of architectural elements and design reviews and multidisciplinary interface resolution.
- Developed 3D models and visual presentations for project stakeholders to communicate design intent. Maintained design documents and assisted in coordinated project deliverables.

Project: PMI – Philip Morris International, Turkey

Project Detail: International industrial facility project with involvement in concept design and preparation of Design Basis Report (DBR) as per project requirements and global standards.

Responsibilities:

- Assisted in concept development and project planning for international industrial facility project.
- Supported preparation of the Design Basis Report (DBR) and contributed to design development and technical documentation.
- Supported preparation of the Design Basis Report (DBR) and contributed to design development and technical documentation.
- Prepared presentations and visual documentation for design reviews and supported multidisciplinary coordination in concept and detailed design stages.

Additional Projects – Industrial, Commercial & Built Environment

Project Detail: Contributed to multiple national and international projects across industrial, commercial, infrastructure, interiors and landscape domains.

Responsibilities:

- Prepared GFC drawings, 3D models, presentations and technical documentation using AutoCAD, Revit and SketchUp. Coordinated with structural, MEP, interior and other project teams to maintain design accuracy.
- Assisted in design reviews, coordination with clients and approval processes and assisted in resolution of design issues and documentation requirements during project delivery.
- Maintained quality and consistency of project deliverables across multiple workstreams.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 35 Weeks)
PRASHANT S HADKAR CONSULTING ENGINEER

01-Apr-2025 - 31-May-2025

8 Weeks
PROFILE: ARCHITECT

- Worked on residential design projects under an architectural and structural consultancy.
- Involved in concept development and detailed planning stages.
- Assisted in design development and concept creation for multiple residential projects.
- Supported architectural planning, detailing, and working drawings in coordination with the engineering team.
- Gained practical exposure to integrated architectural&structural workflows through.

SACHIN GAIKWAD ARCHITECT, INTERIOR DESIGNER AND LANDSCAPE CONSULTANT

01-Sep-2021 - 05-Jan-2022

18 Weeks
PROFILE: TRAINEE

- Worked on residential and interior design projects under a multidisciplinary practice specializing in architecture, interiors, and landscape design. Involved in both design development and execution stages.

- Assisted in concept creation, design development, and execution for multiple interior design projects from start to handover.
- Supported architectural planning, detailing, and working drawings for residential projects.
- Prepared drawings, mood boards, and material palettes aligned with client requirements and design intent.
- Contributed to on-site coordination and vendor discussions to ensure smooth execution and quality delivery.

Architecture Rushikesh H.

04-May-2026 - 10-Jul-2026

9 Weeks**PROFILE:** Project management internProject: Residential & Commercial Projects

Residential and commercial projects involving design and construction coordination, project documentation, working drawings, BOQs and site observations.

Role Responsibilities:

- Supported project planning and construction coordination for residential and commercial projects.
- Assisted in preparing working drawings and BOQs for project execution.
- Developed practical exposure to construction processes and project documentation management.
- Participated in site observations to understand quality, material usage and construction practices.
- Assisted in coordinating design information between project requirements and construction activities.

CERTIFICATION DETAIL

- Introduction to Corporate Finance
- Project Management: The Basics for Success

ACHIEVEMENT DETAIL

- 2nd place in Snaptrude international design competition (2025)
- Winner for Fashion show at NASA (national association for students of architecture) (2020)
- Won General Championship at NASA (2020)
- Guinness world record in Bharatnatyam (2016)
