3. Assisting in BOQ comparison and quality verification.
4. Maintaining project documentation, including HOD and Completion of Project records.
5. Preparing daily and weekly progress reports for project monitoring.

PUBLICATIONS DETAIL

1. **Paper Title:** Aesthetic Improvement by Innovative Translucent Concrete
2. **Authors:** Prof. I.M. Jain, Ajinkya Vispute, Atul Shirsath, Devang Sood
3. **Journal Name:** International Journal for Research in Applied Science & Engineering Technology (IJRASET)
4. **Volume & Issue:** Volume 11, Issue VI, June 2023
5. **ISSN:** 2321-9653
6. **DOI:** <https://doi.org/10.22214/ijraset.2023.53599>

Translucent concrete is a modern material with broad uses in construction, architecture, interior decoration, and furniture. By allowing natural daylight to pass through using embedded optical fibers, it creates a better connection between a building and its surroundings. This creates bright, welcoming indoor spaces while significantly cutting down on electric lighting expenses. The material is made from a uniform combination of fine concrete and optical fibers, forming lightweight precast

blocks suitable for interior walls, exterior facades, illuminated pavements, and decorative art objects .

ACHIEVEMENT DETAIL

1. National Service Scheme (NSS) Volunteer: Participated in community service projects, social awareness drives, and rural development camps.
2. Asian Paints Smart Idea Challenge 2025: Awarded a certificate of participation for bringing innovative ideas and strong problem-solving skills to the competition.
3. Certificate of Participation – Protech 2023: Presented project on "*Translucent Concrete*" at Symbiosis Institute of Technology, Pune.
