INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 28 Weeks)

KU COLLEGE OF ENGINEERING AND TECHNOLOGY

09-Dec-2024 - 29-Apr-2025

20 Weeks

PROFILE: STUDENT

As a project team member, I participated in experimental study of concrete comprising of different Proportions of partial replacement of cement with RHA and fine aggregate with plastic, to choose the best proportion for construction of parking shed by collecting funds from principal office.

Pranava Group

18-May-2026 - 13-Jul-2026

8 Weeks

PROFILE: Intern

As a part of my internship, I worked to the Pranava's SLR Greenwich Villa Project and the major works Iam involved and the areas I gained knowledge were:

- Updated the progress of work on site to their worklogs.
- Gained practical exposure over the site and civil execution works.
- As the project was in finishing works stage, studied the challenges and importance of the finishing works which is taken negligible and affects during the finishing activities.
- Gained hands-on exposure to RCC, masonry, plastering, flooring, waterproofing, and other finishing works.
- Monitored civil and finishing works, including brickwork, flooring, painting, sanitary fittings, and CC road.
- Supported site planning, execution monitoring, and coordination of construction studies.
- Developed practical knowledge of construction methods, quality control, material management, drawings, and site safety practices.
