High School	CENTRAL BOARD OF SECONDARY EDUCATION HYDERABAD TELANGANA	78.8	2019-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 48 Weeks)

VNR VJIET

02-Sep-2024 - 12-May-2025

36 Weeks

PROFILE: TRAFFIC VOLUME FORECASTING WITH MACHINE LEARNING FOR URBAN PLANNING

1. Data Responsibility: Collect and use traffic data from CCTV ethically, ensuring privacy and accuracy for analysis.
2. Model Development & Analysis: Apply machine learning techniques to predict future traffic volume and interpret results effectively for urban planning insights.
3. Reporting & Compliance: Document findings clearly, follow institutional guidelines, and ensure results are used only for academic and planning purposes.

National Council for Cement and Building Materials

13-May-2024 - 31-May-2024

2 Weeks

PROFILE: Intern

Performed laboratory testing on natural aggregates and recycled demolition waste aggregates at NCCBM.

• Conducted comparative analysis of physical and mechanical properties as per relevant IS codes.

• Assisted in evaluating the suitability of recycled aggregates for construction and sustainable infrastructure projects.

• Maintained test records, observations, and basic reporting of results.

ADCL

18-May-2026 - 31-Jul-2026

10 Weeks

PROFILE: Intern

- Monitored and coordinated infrastructure construction activities including roads, DI pipelines, sewer lines, drainage systems, power lines, and utility works.
- Coordinated with contractor, consultants, engineers, and site teams for smooth execution of project activities.
- Assisted in quality control and inspection of construction works and verification of materials used at site.
- Maintained site records, measurements, progress reports, and documentation related to ongoing infrastructure works.
- Gained practical exposure to project planning, construction management, quality control, and contractor management.
