INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 26 Weeks)

Andhra Pradesh Capital Region Development Authority (APCRDA)

18-May-2026 - 31-Jul-2026

10 Weeks

PROFILE: Intern

1. Assisted in project planning and monitoring for the Andhra Pradesh Legislative Assembly Building project, supporting schedule updates, progress tracking, and coordination activities.
2. Prepared and maintained Primavera P6 project schedules, including baseline monitoring, catch-up scheduling, and tracking of planned versus actual progress.
3. Supported project documentation and reporting, including DPRs, MPRs, Minutes of Meetings (MoMs), progress reports, and management updates.
4. Assisted in resource and equipment planning, including manpower tracking, equipment utilization monitoring, and construction resource coordination.
5. Gained practical exposure to site execution and foundation works, including piling operations, bore-log preparation, pile-depth monitoring, and coordination of technical approvals and RFIs.

SNS College of Technology

20-Jan-2025 - 29-Apr-2025

14 Weeks

PROFILE: Student

1. Collected literature on self-curing concrete and IoT-based temperature monitoring systems.
2. Prepared M20 grade concrete mixes using PEG 400 (1% and 2%) as self-curing agents.
3. Embedded temperature sensors in concrete specimens to record live data.
4. Monitored and analyzed temperature variations, with alerts set for <10°C and >70°C.
5. Conducted slump and compressive strength tests, comparing conventional and self-curing concrete performance.

KVR Builders

14-Jun-2024 - 22-Jun-2024

1 Weeks

PROFILE: Site Supervisor

1. Assisted in column RCC concreting, including reinforcement placement, shuttering, mixing, pouring, and compaction.
2. Observed and supported in underground water tank construction, ensuring proper waterproofing and curing methods.
3. Gained practical exposure to plastering works, including surface preparation, mortar application, and finishing.
4. Participated in basement filling operations, understanding soil compaction and layer-wise filling process.
5. Helped in site supervision and monitoring, ensuring safety, material management, and quality control during execution.

KVR Builders

14-Jul-2023 - 27-Jul-2023

**1 Weeks**

**PROFILE:** Site Supervisor

1. Assisted in shuttering and reinforcement works, including bar bending, tying, and placement as per drawings.
2. Observed and supported in RCC roof concreting, including formwork preparation, mixing, pouring, compaction, and curing.
3. Gained practical exposure to plastering works, ensuring proper surface preparation and finishing.
4. Helped in site monitoring and supervision, maintaining safety and quality control during execution.
5. Learned about planning, material usage, and coordination involved in residential building construction.
