ADITYA ENINEERING COLLEGE

18-Dec-2023 - 29-Apr-2024

19 Weeks

PROFILE: PLANNING , WATER RESOURCES

Planning, Designing and Estimation of Constructed Wetland for the Treatment of Sewage Water in Aditya Engineering College. The project focused on planning, designing, and estimating a constructed wetland to treat sewage water in an institutional campus. Hydraulic design ensured proper flow, while suitable plants and filter media enhanced treatment efficiency. Cost estimation proved the system economical, low-maintenance, and eco-friendly. The treated water was proposed for reuse in gardening, promoting sustainability and resource conservation.
