2 Weeks

PROFILE: CONGESTION ANALYSIS AT NVALE JUNCTION AND SIMULATION USING PTV VISSIM"

I was a member in this group the project work called congestion Analysis at Navale Junction and Simulation Using PTV VISSIM"condition this project we have to go to that site that is Navale bridge and we have to set the tripod so that tripod which is attach the mobile and the video recording is done manually and after recording we have to watch that video and have to count the number of vehicles from that video which is the one video is of 2 hours which is taken at morning at evening at the peak hours that is it to 8:00-10:00 a.m. which is the peak hour in Pune Maharashtra and the 5-7 is the peak hour of Pune Maharashtra

SAI CONSTRUCTION

15-Dec-2023 - 15-Jan-2024

4 Weeks

PROFILE: CONSTRUCTION OF BUILDING G+5

I have done my internship in Solapur Maharashtra under an organisation Sai construction.The work was going on that time was concreting and shuttering. I got practical knowledge how to do that and how to explore that and what to do and what precautions must be taken. I was going to site at 9:00 am to 3:00 pm and in solapur Wednesday is a holiday and remaining 6 day is a workday.I was getting knowledge about concreting advanced material,and about shuttering and Deshuttering at the work
