SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.38	2027
B.E. <i>Civil Engineering</i>	KLS GOGTE INSTITUTE OF TECHNOLOGY, BELAGAVI	81.4	2023-Jun
Intermediate <i>Science (PCMB)</i>	DEPARTMENT OF PRE-UNIVERSITY EDUCATION	88.16	2019-Mar
High School	KARNATAKA SECONDARY EDUCATION EXAMINATION BOARD	86.4	2017-Apr

TOTAL WORK EXPERIENCE: 22 month(s)**Nina Percept Pvt Ltd, Subsidiary of Pidilite Industries.**

21-Aug-2023 - 17-Jun-2025

1 Years, 9 Months, 27 Days**PROFILE:** Engineer - QAQC

- Managed quality assurance and quality control activities across waterproofing projects, ensuring execution complied with approved methodologies, technical requirements, and project quality standards.
- Prepared work methodologies, reviewed technical drawings and quality checklists, and coordinated with site teams to ensure proper implementation during project execution.
- Monitored site activities to identify quality deviations and coordinated with site engineers and execution teams to ensure timely corrective actions.
- Maintained project quality documentation, including PQA entries and reports, to support systematic tracking, reporting, and quality control.
- Trained site engineers and workmen on approved work procedures and quality requirements to improve adherence to established execution standards.
- Coordinated with multiple teams to address site-level issues, communicate requirements, and maintain smooth project execution within defined quality standards.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 15 Weeks)**Indian Institute of Technology, Madras**

24-Aug-2022 - 15-Oct-2022

7 Weeks**PROFILE:** Student Intern - Ambient Air Quality Monitoring and Analysis.

- Completed an internship at IIT Madras focused on ambient air quality monitoring, analysis and pollution control.
- Collected and analysed PM2.5 and PM10 samples as part of ambient air quality monitoring activities.
- Conducted SOx and NOx analysis using UV-VIS and fluorescence spectrophotometers following established laboratory procedures.
- Assisted in the preparation of emission inventories to support the assessment of air pollution sources.
- Contributed to source apportionment studies to understand the contribution of different pollution sources to ambient air quality.
- Gained hands-on experience in environmental monitoring techniques, laboratory procedures, data interpretation and air quality assessment.

Rodic Consultants Pvt. Ltd

11-May-2026 - 10-Jul-2026

8 Weeks

PROFILE: Business Development

- Analysed 11 railway infrastructure tenders and RFPs across PSSA, Authority Engineer and General Consultants covering projects with a cumulative value of 217 crore.
- Prepared and analysed pre-bid queries for infrastructure projects, including the Ganga Bridge Project across two tender cycles, to understand client requirements and tender conditions.
- Conducted market and competitive analysis to assess market positioning and identify potential opportunities within the railway infrastructure sector.
- Mapped a railway infrastructure project pipeline exceeding 8.5 lakh crore to support business development and identify potential project opportunities.
- Developed practical understanding of QCBS evaluation, procurement and tendering processes, railway project structures, and contract risk allocation across PSSA, Authority Engineer and General Consultant engagements.
