INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 12 Weeks)**Samraat group project**

19-Dec-2023 - 19-Jan-2024

4 Weeks**PROFILE:** Intern

- Completed a **one-month construction site internship at Samraat Group**, supporting site inspections, daily construction activities, and project execution.
- Gained hands-on exposure to **Mivan formwork systems**, including formwork erection, alignment, leveling, and pre-concreting inspections.
- Assisted with **concreting operations**, including batching, concrete pouring, vibration, finishing, and curing activities.
- Coordinated with **site engineers and construction teams** to monitor work progress, quality control, safety compliance, and adherence to approved construction practices.
- Conducted site observations and supported the identification of **construction issues and execution requirements**, developing practical skills in teamwork, communication, coordination, and on-site problem-solving.

Econstruct design & build pvt. ltd.

04-May-2026 - 30-Jun-2026

8 Weeks**PROFILE:** BIM and Project Management Intern

- Prepared, updated, and maintained **GFC drawings, working drawings, construction drawings, and design revisions** while ensuring accurate project documentation throughout the project lifecycle.
- Prepared **Bills of Quantities (BOQ), material take-offs, quantity estimates, and estimation sheets** for residential and commercial projects to support budgeting, procurement, and resource planning.
- Conducted **site visits and construction inspections** to monitor project progress, document site observations, and identify deviations between approved drawings and on-site execution.
- Assisted in developing **interior design layouts, remodeling proposals, space planning, and detailed working drawings** for residential and office projects under the guidance of senior architects and engineers.
- Coordinated drawing updates and project documentation across **design, estimation, and site execution teams** to support smooth project implementation.

PUBLICATIONS DETAIL

3D Modelling and Detailing in Tekla Structures | Team Co-Leader

June 2021 – May 2022

- Developed a 3D structural model and performed reinforcement detailing for a G+3 residential building using Tekla Structures.
- Applied BIM-based structural modelling, reinforcement placement, and detailing techniques.
- Coordinated team activities to ensure accurate and timely completion of the project.

CERTIFICATION DETAIL

- Factors affecting real estate property rates
- IRJET Publication certificate
