

ROLL NUMBER: P25700138

Mr. Krishnakant Dubey
Male

DOB

02-Jan-2002

TECHNICAL SKILLS

- AutoCAD
- MS Office
- MS Project
- Primavera
- RIB CostX
- Autodesk Revit
- StaadPro

PERMANENT ADDRESS

1871, New Ram Nagar, Orai
City: Jalaun
State: Uttar Pradesh
Pincode: 285001

LANGUAGE

- ENGLISH
- HINDI

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.36	2027
B.Tech <i>Civil Engineering</i>	GLA UNIVERSITY, MATHURA U.P	72.2	2023-Jun
Intermediate <i>Science (PCM)</i>	CENTRAL BOARD OF SECONDARY EDUCATION, DELHI	72.6	2018-May
High School	CENTRAL BOARD OF SECONDARY EDUCATION, DELHI	95	2016-May

TOTAL WORK EXPERIENCE: 13 month(s)**KEC International Ltd.**

08-Aug-2023 - 10-Sep-2024

1 Years, 1 Months, 2 Days**PROFILE:** Engineer**Quality Management:**

- Conducted daily quality inspections for structural, architectural, and finishing works to ensure compliance with technical specifications.
- Inspected Incoming materials including cement, steel, aggregates, and finishing material; verified test certificates and ensured adherence to technical specifications.
- Prepared and maintained quality documentation including work inspection requests (WIRs), material test reports, method statements, quality checklists, and monthly quality reports.
- Raised, tracked and closed Non-Conformance Reports (NCRs) through implementation of corrective and preventive actions in coordination with site and client teams.
- Supported internal and client quality audits by ensuring proper documentation control and site compliance.

Execution And Site Supervision:

- Supervised construction activities including shuttering, reinforcement, concreting, masonry, plastering, flooring, painting, and waterproofing works.
- Ensured execution as per approved drawings, technical specifications, and safety standards.
- Monitored workmanship quality and coordinated with subcontractors to maintain project timelines.
- Oversaw finishing works for residential projects, ensuring snag-free handover and timely closure of client observations.

Planning and Progress monitoring:

- Assisted in preparation and tracking of project schedules in coordination with the planning team.
- Monitored daily and weekly progress against baseline schedule and reported deviations.
- Performed material reconciliation for concrete, reinforcement steel, and finishing materials to monitor consumptions and minimize wastage.
- Maintained accurate material records to support cost control and inventory management.

Subcontractor Billing and commercial support:

- Verified subcontractor work quantities as per drawings and executed site measurements.
- Prepared and certified subcontractor running account (RA) bills in coordination with the billing and commercial team.
- Ensured proper documentation of measurements and compliance before bill submission.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 8 Weeks)**New Consolidated Construction Co. Ltd**

PROFILE: Intern Planning**Project Planning & Scheduling**

- Assisted in developing and updating project schedules using Primavera P6 gaining hands-on exposure to Work Breakdown Structure (WBS) creation and activity sequencing.
- Supported tracking of activity durations, task progress, and schedule updates to ensure alignment with project milestones.
- Analyzed planned vs. actual progress to identify variances and support timely corrective planning.

Site Progress Monitoring

- Conducted daily site visits to observe ongoing construction activities and validate execution against the approved schedule.
- Recorded completed work quantities and documented active work fronts through site inspections.
- Captured progress photographs to maintain a visual record for reporting and stakeholder review.

Progress Reporting

- Contributed to the preparation of Daily, Weekly, and Monthly Progress Reports (DPR/WPR/MPR), consolidating data on completed activities, labour and equipment deployment, weather conditions, and delays.
- Compiled progress photographs and supporting documentation to enhance report accuracy and transparency for management review.

Quantity Tracking & Coordination

- Compared executed quantities against planned targets in coordination with site engineers and quantity surveyors to maintain accurate progress records.
- Liaised with site engineers, QA/QC teams, safety engineers, procurement, stores, and contractors to ensure smooth communication of upcoming planned activities.

Resource & Productivity Monitoring

- Monitored on-site labour strength, equipment utilization, material availability, and productivity rates to support efficient resource allocation.

Delay Analysis & Reporting

- Identified and documented causes of project delays, including material and labour shortages, equipment breakdowns, drawing revisions, adverse weather, and client-driven changes.
- Reported delay findings to the planning engineer to support proactive schedule recovery measures.

Documentation & Records Management

- Assisted in maintaining look-ahead schedules (1-, 2-, and 3-week plans), bar charts, progress trackers, delay registers, and material tracking sheets to support real-time project control.
- Maintained organized records of drawings, RFIs (Requests for Information), method statements, inspection requests, and concrete pour records to ensure audit-ready project documentation.

CERTIFICATION DETAIL

- Project Planning: Putting it All Together authorized by Google
- Foundations of Project management authorized by Google
- Project Initiation: Starting a Successful Project Authorized by Google
- Finance for Non-Financial Manager Authorized by Emory University and offered through Coursera
