Masin Projects

04-May-2026 - 04-Jul-2026

8 Weeks**PROFILE:** Quantum Intern

- Assisted senior consultants in quantifying complex construction claims at Masin Projects. I systematically audited project cost records and payment certificates to identify cost overruns, which supported the team in establishing an accurate financial baseline for disputes.
- Evaluated the financial impact of project delays by analyzing extended site overheads, equipment idle time, and labor costs. Working alongside senior analysts, I compiled detailed cost build-ups that supported the final prolongation delay claims.
- Reviewed scope variations, pricing disputes, and remeasurements under standard FIDIC contracts. I cross-referenced site records against original financial bidding documents to ensure all variation claims supported contractual compliance.
- Prepared structured spreadsheets, data charts, and claim summaries for expert reports used in international arbitration. I supported senior quantum experts by converting complex engineering data into clear, audit-ready financial metrics for legal tribunals.
