PRASHANT DESHMUKH AND ASSOCIATES

25-Jul-2022 - 18-Jul-2025

2 Years, 11 Months, 23 Days
PROFILE: JUNIOR ARCHITECT

Owned design-to-delivery of 1,50,000+ sq. m. of Industrial production spaces and Interior for MNC clients on live projects, from concept to GFC drawings, site execution and handover.

Industrial & Production Building Projects

- Designed production floor layouts, planning process flow, material movement, aisles and utility provisions with plant and MEP teams for MNC clients including Celery Warehouse (Maple Tree), Burkert, Ross Fluid Control, and Nidec.
- Prepared planning, layout and execution drawings for factory, plant and warehouse projects, and coordinated with site teams to keep construction aligned with the design.

Interior Fit-out & Workstation Planning

- Planned office interiors and workstation layouts (worktables, pedestals, screen/modesty panels) to optimize seat count, circulation and privacy, with joinery schedules and finish specifications for contractors.
- Specified and detailed interior partition systems (gypsum/glass / aluminium-framed / others) and glass wool insulation for (acoustic/thermal) performance, covering junction details, ceiling and floor interfaces, and installation checks on site.

MEP / HVAC Coordination & Clean Room Project

- Designed and detailed clean room labs for the Govt. of Maharashtra, ensuring biosafety and HVAC compliance, MEP coordination, material selection and on-site quality checks.
- **Coordinated HVAC and MEP requirements** (duct and AHU routing, diffuser layouts, ceiling-void coordination, power and data points) with consultants, contractors and structural teams to resolve clashes before execution.

Commercials, Approvals & Site Execution

- **Prepared BOQs and tender documents, supported contractor bid evaluation** and material specification, and **managed MIDC and municipal submissions**.
- Conducted regular site visits to monitor execution, check quality, close snags and punch lists before handover, and supported senior architects in client meetings and design reviews.
- Produced conceptual, detailed and working drawings with 3D visuals (Revit, AutoCAD, Lumion, Enscape) for client and consultant presentations.

Core Responsibilities

Prepared conceptual, detailed, and working drawings with 3D visuals; **coordinated with structural/MEP teams**; managed **MIDC/Municipal submissions, BOQs, and tenders**; conducted site visits; and supported principal architects in client meetings.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 32 Weeks)
INGRAIN ARCHITECTS

01-Jun-2021 - 10-Nov-2021

23 Weeks
PROFILE: INTERN ARCHITECT

Contributed to the design development and **working drawings of high-rise residential and commercial projects**, including Chandak Cornerstone (Worli) and Chandak Greeniary (Borivali), gaining early exposure to the full **design-to-delivery cycle**.

- Developed conceptual drawings, detailed **working drawings and 3D views** for client and consultant presentations.
- Coordinated working drawings with **structural and MEP teams**, and supported senior architects on design detailing, façade studies and material selection.
- Monitored design implementation through site visits, building an understanding of **execution and quality**.
- Gained hands-on experience with architecture software and the overall project planning process of **high-rise projects**.

RAISONI CORP

04-May-2026 - 11-Jul-2026

9 Weeks
PROFILE: Project Control Intern

Worked on live project controls for two **Airports Authority of India (AAI) airport projects (Reva, Hubli Airport)**, covering scheduling, procurement coordination, **PEB planning, Runway and terminal building, including interior fit-out**, with direct exposure to how design, procurement and site execution connect. **Planned and scheduled** the project with the Senior Project Manager, building the baseline for delivery milestones.

- **Prepared** project schedules, delivery timelines and tender schedules in MS Project, linking design approvals, procurement and execution.
- **Developed** and monitored Pre-Engineered Building (PEB) fabrication and erection schedules, tracking drawing approvals, material delivery and installation progress.
- **Tracked** the terminal building interior package, covering [ceilings, partitions, flooring, joinery and finishes], by sequencing interior activities with MEP and HVAC work and coordinating contractors and material deliveries.
- **Supported** project scheduling and tracking for [terminal / PEB / other scope], preparing [schedules / delivery timelines / tender schedules] in MS Project.
- **Coordinated** with site, procurement and contractor teams to resolve delays and keep execution on track.
