

ROLL NUMBER: P25700506**Mr. ANIMESH SINHA**

Male

DOB

02-Jul-2000

TECHNICAL SKILLS

- Primavera P6
- MS Project
- Navisworks
- AutoCAD
- MS Office

PERMANENT ADDRESS

303 B Block, Shiv Shankar
Apartment Kitadih, Jamshedpur
City: East Singhbhum
State: Jharkhand
Pincode: 831002

LANGUAGE

- ENGLISH
- HINDI

INTERESTS

- Travelling

SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University, Pune	8.26	2027
B.Tech <i>Civil Engineering</i>	CV RAMAN GLOBAL UNIVERSITY	73.7	2023-Jun
Intermediate <i>Science (PCM)</i>	JHARKHAND ACADEMIC COUNCIL RANCHI, JHARKHAND	64.8	2019-Jun
High School	CENTRAL BOARD OF SECONDARY EDUCATION, DELHI	64.6	2016-May

TOTAL WORK EXPERIENCE: 24 month(s)**HINDUSTAN CONSTRUCTION COMPANY LTD**

10-Jul-2023 - 12-Jul-2025

2 Years, 0 Months, 2 Days**PROFILE: PLANNING ENGINEER****Summary**

PMP certified Planning Engineer with 2+ years of experience in project planning and controls for large-scale infrastructure projects. Skilled in Primavera P6, MS Project, and AutoCAD, with expertise in scheduling, earned value management, progress reporting, resource planning, and risk management. Experienced in cross-functional coordination, with additional exposure to contracts, claims, delay analysis, and quantum assessment.

Experience**Agardanda Creek Bridge Project**

Planning Engineer - Jan 2025 to July 2025

- Prepared and managed the budget for a INR 1,031.57 crore cable-stayed bridge construction project, supporting cost control and financial planning.
- Developed structured project work plans defining objectives, deliverables, timelines, and resource allocation using Primavera P6.
- Developed and executed a comprehensive mobilization plan, successfully coordinating and securing all project requirements within the scheduled timeframe.
- Accountable for preparing daily and weekly progress reports, booking turnover in SAP, and creating monthly progress review presentations for the MD/CEO's monthly review meetings.
- Monitored project progress against the scheduled plan and coordinated with site teams to ensure timely execution within allocated resources, monitored planned vs achieved monthly turnover along with unbilled revenue.

Integrated Nuclear Recycle Plant B.A.R.C Tarapur

Planning Engineer - June 2024 to Dec 2024

- Prepared comprehensive project closure documentation and developed a formal demobilization plan, facilitating the successful handover and demobilization of the INRP, BARC Tarapur project.
- Identified delayed & near critical activities of the project, suggested & implemented a new methodology that led to increased efficiency & on time completion.
- Managed the master construction schedule and resource planning, overseeing productivity tracking and optimization while monitoring turnover, cash flow, and cost-to-company (CTC) against revenue.
- Generated weekly and monthly project progress reports, including 'S' curves, and delivered comprehensive summaries and updates on project status to the management.
- Formulated a scalable project tracking system that improved WIP statement by linking client bill with DPR to improve accuracy of Gross WIP value.

Integrated Nuclear Recycle Plant B.A.R.C Tarapur

Graduate Engineer Trainee - July 2023 to June 2024

- Assisted in the planning and execution of site activities, ensuring compliance with design specifications and safety standards.
- Managed billing (R.A & S.A Bill) and documentation processes, including the preparation of invoices and tracking expenses.
- Conducted quality assurance and quality control (QA/QC) inspections, ensuring adherence to project quality standards.
- Prepared joint measurement record and reviewed project documents, including drawings, specifications and contracts.

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 12 Weeks)**Masin Projects Private Limited**

04-May-2026 - 04-Jul-2026

8 Weeks**PROFILE: DELAY/QUANTUM INTERN**

- Assisted in forensic delay analysis of construction projects using methodologies aligned with the Society of Construction Law (SCL) Delay and Disruption Protocol.
- Worked extensively on As-Planned vs. As-Built (APAB) delay analysis, preparing chronological summaries of delay events by reviewing project correspondence, notices, instructions, and contemporaneous records to establish the sequence and timeline of events.
- Analysed planned vs. actual progress using baseline programmes, updated programmes, and project correspondence to identify progress slippages, delay events, and their impact on critical activities and project completion.
- Assisted in quantum analysis by reviewing project records and cost information to assess the financial impact of delays and disruption.
- Analysed and calculated prolongation costs arising from project delays and extended project durations, including relevant time-related project costs.

SNTI TATA STEEL

01-Jun-2022 - 29-Jun-2022

4 Weeks**PROFILE: CONSTRUCTION PLANNING AND MANAGEMENT**

- Conducted Non-Destructive Testing (NDT) and inspections of Reinforced Concrete (RCC) chimneys to evaluate structural damage and assess associated risks.
- Evaluated structural damages and performed risk assessments on RCC chimneys using NDT and inspection methodologies.
- Gained proficiency in NDT and inspection techniques for RCC chimneys, including damage evaluation and risk assessment.

CERTIFICATION DETAIL

- Project Management Professional (PMP)®

ACHIEVEMENT DETAIL

Award for Exceptional Contribution to the Successful Completion of the INRP B.A.R.C Tarapur Project — Dec 2024
