**INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 11 Weeks)****B.M.ASSOCIATES**

21-Aug-2023 - 14-Sep-2023

**3 Weeks****PROFILE:** Site Engineer

Completed a three-week internship as a Site Engineer, gaining hands on experience in site execution and day to day Construction activities. Actively assisted in supervising on site work to ensure quality, safety and adherence to project schedules. Involved in resource management, including planning and optimal utilization of materials, equipments and manpower. Managed labour activities by coordinating work assignments, monitoring productivity, and supporting smooth workflow between different teams on site. This internship strengthened my practical understanding of construction operations, teamwork, and site management practices.

**Replen Projects Private Limited**

04-May-2026 - 30-Jun-2026

**8 Weeks****PROFILE:** Intern-Planning

During my two-month internship at RPP Infra Projects Limited, I worked as a Planning Intern on the ₹125.92 crore NADFM Pune project at New Sangvi, involving the construction of an office-cum-training building and residential accommodation for officers and staff of the National Academy of Defence Financial Management (NADFM), Pune. During the initial five days, I gained practical exposure to quantity take-offs from structural and architectural drawings, including reinforcement, concrete, and shuttering quantities. Thereafter, I worked in the Planning Department, where I was involved in preparing Work Breakdown Structures (WBS), project planning and scheduling using Microsoft Project (MSP), and monitoring planned versus actual progress. I also conducted weekly site visits to observe ongoing activities, verify completed works, and coordinate site progress with the project schedule. Additionally, I gained exposure to DPR and NMR preparation, project documentation, GFC drawings, BOQs, drawing revisions, site coordination, and the overall planning and monitoring process of a live construction project.
